City Threatens To Cancel O. E. Franchise

WANTS CONGRESS TO PERMIT ROADS GREATER REVENUE

House Committee Gets Recommendations From Rail Executives.

DON'T ASK GUARANTEE OF INCOME BY GOVERNMENT

Urges Three Commisisoners To Watch Operation of Roads.

Washington, Aug. 20.—Recommendations of the Association of Railway Executives for return of the railroads to private operation under conditions that will insure adequate revenue and maximum service to the public were laid before the house committee on interstate and foreign commerce today by Thomas Dewitt Cuyler, chairman of the association

Congress, under the plan would direct the interstate commerce commission to approve rates which will enable the railroads to be "self sustaining," the rate regulating authority to be vested exclusively in the central commission and regional sub-commissions There would be no guarantee of income or dividends by the government.

Broad regulatory powers would be vested in a federal transportation board to be created as a co ordinate body with the interstate commerce commission This board, to be composed of three commissioners appointed by the president, would be charged with "general oversight of transportation from the point of view of the public interest" It would relieve the interstate commerce commission of all functions, except rate regulation, valuation and accounting.

To avoid the risk of "financial disaster" upon return of the roads to private operation, Mr Cuyler said the railway executives believed it necessary that the guaranteed standard return from the government be continued until it was possible to "restore the equilibrum between expenditures and expenses" and make the carriers again self-supporting. It was proposed that this re adjustment of rates be undertaken by the interstate commerce commission in consultation with the director general of railroads and the proposed transportation board.

By way of further financial relief for the roads upon resumption of private operation it was advocated that their indebtedness to the government on account of capital expenditures made during the period of government control be funded for ten years.

BOY KILLED BY AUTO AT HOMER

Clarence White, Son of Samuel White Becomes Confused While Crossing Pike Near Village.

Clarence White, 14, son of Samuel White, living near Homer, was instantly killed at 2 o'clock this afternoon when John Hulshizer's machine struck the lad while he was crossing the pike.

The boy had started across the road and became confused when he saw the machine approaching. Although Hulshizer made an effort to stop the car he was unable to do so, the car skidding in the road.

The boy's body was carried into the house nearby but was dead, an examination disclosed.

Hulshizer lives in Granville.

TWO JAP STEAMERS RUN AGROUND IN FOG

Seattle, Wash., Aug. 20—Two Japanese steamers, the Yomei Maru and the Shinbu Maru, early today were aground on the shores of the Straits of Juan De Fuca according to wireless messages received here.

The Yomei was said to be in a dangerous position on Race Rocks about 17 miles west of Victoria, B C The Shinbu was grounded on Hentick Island. Both went ashore in a fog last night, it was reported.

SENATE VOTE REPEALS DAYLIGHT SAVING LAW

Washington, Aug. 20—Repeal of the daylight savings act was accomplished today, the senate voting to sustain the house in passing the repeal measure over President Wilson's veto The vote was 57 to 19

The repeal of the law which now takes its place among the very few which have been passed over a presidential veto becomes effective after the clocks are turned back to normal in October It will go down in legislative history as one of the very few measures which have twice been vetoed by a president and became a law after all by the vote of more than two thirds in both house of congress.

THE SENATE COMMITTEE WHICH IS DISCUSSING THE PEACE TREATY

The senate foreign relations committee in session. Left to right: Senators George H. Moses, N. H.; Hiram W. Johnson, Cal.; Warren G. Harding, Ohio; Albert B. Fall, N. M.; Frank B. Brandagee, Conn.; Porter J. McCumber, N. D.; Henry Cabot Lodge, chairman, Mass.; Gilbert Hitchcock, Neb.; Claude A. Swanson, Va., and Key Pittman, Nev.

DECLARES STEEL WORKERS VOTE TO CALL BIG STRIKE

Committee Meets to Canvass Vote Taken Among Union Men.

CLAIMS 300,000 MEMBERS ARE IN VARIOUS UNIONS

Demands May Be Presented to Manufacturers By Union Committee.

Youngstown, Aug 20.—Under the presidency of John Fitzpatrick, the A. F. of L's national committee on organization in the iron and steel industry met here at noon today to begin canvassing a strike vote taken among 24 unions which have members in the steel industry and to decide whether or not these unions will be asked to present demands and back them up by a strike

W Z Foster, secretary treasurer of the committee and spokesman for the unions, refused today to give out any figures on the strength of the steel unions as he said that the memberships had been coming in too fast to be accurately tabulated. He declared however, that the unions are strong enough to "control the situation." He said that the vote was practically unanimous for a strike in all districts. In the Pittsburgh district he said he had seen but one adverse vote, cast at

FEDERAL AGENTS RAID BOLSHEVIKI MEETING

Youngstown, Aug 20 —One hundred and eighteen Russians said to be Bolshevists are in the county jail here today as the result of a raid on an alleged Bolsheviki meeting in east Youngstown last night by federal officials. The officers broke up the meeting in the midst of a speech which is said to have been highly incendiary. An automobile load of red flags and Bolsheviki propaganda was seized when the raid was made. The men are charged with suspicion temporarily but charges of sedition are likely to be brought later.

STATE TROOPS KEEP RIOTERS SUBJECTED

Milwaukee, Aug. 20—With a battalion of state home guards on duty at the Cudahy Packing company's plant at Cudahy, no new outbreaks from the riot which yesterday resulted in the death of one striker and injury to many others, were looked for today

Negotiations between the strikers and company officials looking toward a settlement of the troubles were to be held today

SAY KAISER'S COUSIN HOARDED MUCH FOOD

Berlin, Tuesday, Aug 19—At a meeting of the citizens of Tellow a suburb of Berlin today there was a discussion of the conduct of Prince Friedrich Leopold cousin of former Emperor William who broke Count Hohenzollern, remained there instead of leaving the country It was alleged that he had engaged in illicit trading on a large scale and had hoarded large quantities of food

Local authorities recently searched his castle confiscating great supplies of food which were distributed among hospitals but when they attempted to bring action against the prince they were told from authoritative quarters that he was immune, being a member of the royal family Prince Friedrich has also stored a large quantity of coal and other fuel with which to heat his castle during the coming winter The castle has 140 rooms and 16 bathrooms No decision as to what will be done with the prince was reached at today's meeting.

MEXICANS FIRE UPON YANKEES IN AIRPLANE

AMERICANS RETURN FIRE AND KILL ONE AND INJURE ANOTHER — TROOPS SEARCH MOUNTAINS FOR BANDITS.

Marfa, Tex., Aug. 20.—A report was received here today from Lieutenant Estill, pilot, and Lieutenant Cooper, observer, dated Presidio, Tex., giving details of firing on their biplane by the Mexican bandits. While flying over a Mexican mountain-trail, the American aviators observed three Mexicans mounted, riding south. The plane swept down low to investigate.

The bandits opened fire with rifles, bullets puncturing the wings of the American machine. Observer Cooper returned the fire and saw one horse and rider fall. A short time afterwards one horse was observed standing without a rider. The third horseman dismounted and climbing up the side of the mountain disappeared. Neither aviator was hit.

Reports from all troops in the field in Mexico indicates progress is being made in searching the mountain canyons and passes for the bandits who held Aviators Peterson and Davis.

YANKEE PLANE IS HIT BY MEXICAN BULLETS

Marfa, Texas, Aug. 20.—Somewhere in Mexico, opposite Candelaria, Texas, American soldiers today continued the pursuit begun yesterday of bandits who captured and held for ransom Lieutenants Peterson and Davis, American aviators, rescued yesterday after payment of $8500 in gold to the bandit leader.

Military headquarters here was without information from the punitive expedition, heavy storms in the mountains of Chihuahua interruption communication via the field telephones of the army.

Possibility that the American soldiers already have had their first skirmish with the bandits was indicated last night when two aviators returned to

POSTAL EMPLOYES HERE TO DEMAND 75 PER CENT INCREASE IN SALARIES

City and Rural Employes Effect Organization to Work for Important Legislation In Congress—Officers Are Elected and Committees Named.

The post office clerks, city carriers, rural carriers, railway postal clerks and other representatives of the service last night affected an organization to be known as the Affiliated Postal Workers of Licking County, Ohio.

G. B. Lentz representing the post office clerks was elected as temporary chairman of the meeting Permanent organization was affected by electing the following officers.

President, G. B. Lentz, vice president F. C. McLarnan; secretary treasurer, Frank T Hirst,

The purpose of theorganization is to present a solid front in securing legislation for salary increases, retirement, elimination of over time and any other important legislation which may in any way affect said employes.

The chairman appointed a committee from each branch of the service as follows:

City carriers—D. M. Guy and Frank Burrel.

City clerks—Frank Ashcraft and A. D. O'Neil.

R. F. D. carriers—Ed Phillips and W. H. Richards

R. P. O. clerks—C. R. Babb and H. C. Alspach.

Laborers—Ed Gilbert.

Many questions of interest was discussed especially that of salaries. Declaring that salaries of postal workers are wholly inadequate to meet the increased cost of living a resolution was adopted to make demand of congress for immediate relief by increasing the pay of postal workers seventy five per cent from July 1, 1919.

PITTMAN OFFERS 4 RESERVATIONS TO PEACE TREATY

Are In Resolution Separate From Bill Ratifying Peace Pact.

FOLLOW SUGGESTIONS MADE YESTERDAY BY PRESIDENT

Monroe Doctrine and Article 10 Are Two Questions Dealt With.

Washington, Aug. 20.—Four reservations on the League of Nations covenant are embodied in a separate resolution prepared today by Senator Pittman of Nevada, a Democrat, member of the foreign relations committee, for introduction in the senate.

Senator Pittman said the resolution was in line with the suggestion made to the foreign relations committee yesterday by President Wilson that if reservations are to be made they should be embodied in a separate resolution and not in the resolution of ratification which might make new negotiations necessary.

Senator Pittman said the reservations had not been submitted to the President. They are similar to those proposed by a group of seven Republican senators and deal with the right of withdrawal from the league, Article X,

(Continued on Page 2, Col. 3)

GERMANS PREPARE TO CARRY OUT PEACE PACT

Berlin, Tuesday, Aug. 19.—A bill providing ways and means for carrying out the peace terms was presented before the national assembly at Weimar yesterday with the approval of the imperial council.

It is a far reaching measure, the purpose of which is to set definite limits and establish control of all sorts of activities in commerce, finance and industries bearing on the means of meeting the responsibilities laid upon Germany by the conditions of peace.

It empowers the government, for instance, to demand and enforce industrial, mercantile and forest work closely concerned with the work of paying indemnities. The government is authorized to demand information about wages and material and may inspect the books, papers and business documents of firms as well as fix prices, adjust labor conditions and supervise the efficiency of industrial equipment. It also imposes penalties up to three years' imprisonment and a fine of 50,000 marks for illegal payments of money.

COMPANY IS TOLD TO SETTLE STRIKE WITHIN 48 HOURS

MAYOR AND COUNCILMEN ADVISE TRACTION HEADS THAT RIGHT TO USE STREETS WILL BE ABROGATED IF CARS REMAIN IDLE.

CITY OFFICIALS DECLARE TRAINMEN HAVE BEEN FAIR WITH COMPANY

Have Offered to Submit Differences to Arbitration and to Accept Five Cent Increase Instead of Ten Cents Demanded.

Mayor H. A. Atherton, P. W. Faust, chairman of the service committee of the city council, and J. Phil Baker, chairman of the safety committee, today addressed an ultimatum to the president of the Ohio Electric Railway company, the vice president, and every other official of the administration board of the company and the local superintendent, stating that unless the company began the operation of its cars within the next 48 hours after the receipt of the notice the city of Newark, under the franchise granted the railroad company, would declare such ordinance void and the company would be ordered to vacate the streets of the city and remove the tracks.

Mayor Atherton in an interview with an Advocate representative, stated that the members of the Amalgamated Association of Railway Trainmen had been fair in every way with the officials of the company and that the latter did not show a disposition to deal with the men.

Mayor Atherton, President of the Council, [illegible] Councilman P. W. Faust, were in Springfield yesterday with city officials of Zanesville and Springfield to confer with the men and see if an adjustment of the trouble could be made.

Mayor Atherton stated today that the men agreed to take a 5 cent increase instead of the 10 whch they had demanded. The company had offered three.

The mayor said that after the meeting with the men he called upon Vice President Dana Stevens, who is acting for the Ohio Electric, but that he could get no satisfaction out of that official, and he refused to deal with the members of the amalgamated association. The mayor told him that the men had agreed to compromise upon a 5-cent increase and that he considered that a fair offer upon the part of the men. Stevens stated that the company did not care to deal with the car men on account of the miscellaneous employes, which include barnmen, sub-station men, employes of powerhouse, repairers, machinists and car-washers. His contention was that if a settlement was effected with the conductors and motormen the others could make their demands and tie the road up. Some of the miscellaneous employes are organized, while others are not.

"The Ohio Electric Railway company has opposed every improvement for the city in which their company would be assessed," declared Mayor Atherton. "It held up the East Main street paving, and we sent our city solicitor to Washington upon its statement that it could not secure steel rails, and we found out that it had not even asked for them. The company has not even complied with the state law which requires the installaiton of airbrakes on its cars, and now it looks as if it was tryng to freeze the men out Its franchise calls for the proper operation of all cars, and I have informed the officials that it must be complied with within the next 48 hours."

The state fair is to be held next week and if the cars are not in operation by that time it will mean a loss of thousands of dollars in revenue. Two weeks after that the Licking county fair will be held and if the cars are not in operation at that time the company will loose much revenue as a consequence

BOLSHEVIKI LOSE THREE TOWNS

London, Aug. 20.—Anti-Bolsheviki forces have occupied Kherson Nikoleaf and Cherkasy on the Dnieper river below Kiev, according to an official statement sent by wireless by the Soviet army headquarters at Moscow. The statement adds that on the eastern front Bolshevik forces have occupied Ileisk after a fierce battle. Ileisk is about 40 miles southwest of Orenburg.

JAP SHIP HITS ROCK.

London, Aug. 20—The Japanese transport Shijiki Maru struck a rock and foundered on August 15 south of Sanegashima, according to a Nagazaki dispatch received by Lloyds. One hundred and ten of those who were on board are reported missing.

GERMANY STOPS FOOD PURCHASES IN HOLLAND

Berlin, Tuesday, Aug 19—As a result of the continued downward trend of the German mark, the food controller has ordered the discontinuance of purchases in Holland and Denmark While the action is ostensibly bad on the pretext that supplies already under contract meet most urgent needs and that these sources of supply may be temporarily dispensed with in view of the increasing arrivals of overseas shipments, official concern over the exchange situation is held to be directly responsible for the controller's order

Newspapers in discussing the problem, declare the western frontier has virtually ceased to exist in view of the unchecked influx of American, English and French commodities across the Rhine Illicit traffic through "the hole on the Rhine" is said to have assumed such proportions as to preclude the possibility of customs or other control.

BY GUM! WE DIDN'T KNOW KEY WAS LOST

New York, Aug. 20 The key to the front door of the Mansion house in London recovered recently at Camp Devens Mass in the baggage of Lieutenant Ira I Hodes of Brooklyn, was stolen at an entertainment for American wounded by a sailor who was caught in the act and sent the key to the officers hotel. Lieutenant Hodes said today

He explained that soon after the key was sent him he was stricken with influenza and forgot to return it. Later it was packed into his bedding roll by the porter of his hotel.

OHIO CITIES MAY ERECT HOME HERE

Office Building on Downtown Site is Talked of—Several Under Consideration It is said.

The Ohio Cities Gas company is considering the erection of an office building in Newark to house the large office force which will be necessary to care for the volume of business in connection with the refinery being erected at Heath.

At the local offices it was said today that the deal was talked of but that the business was transacted through the Columbus office and the plans were not known in Newark However it is rumored the company has several splendid down town sites under consideration.

Several changes have been made in the office personnel of the company. R. E Ford, formerly office manager, has been promoted to assistant drilling division manager, while J. P. Lamb, Jr., succeeded Mr. Ford as office manager.

ESCAPED BOLSHEVISTS RECAPTURED IN FIGHT

Omsk, Tuesday, Aug 5—Two thousand Bolsheviks and Magars who had escaped from prison camps at Krasnoyarsk were surprised on June 1 by Siberian troops, 200 being killed and the rest with the exception of 60 being captured, according to Czech report.

The prisoners had planned to attack the prison camps from a hill but were defeated Czechs troops prepared to cooperate with the Siberians against the Bolsheviki and Magars but their assistance was not required.

CUPID WORKS FAST IN MT. VERNON BATTERY

Mt Vernon, Aug 20—Since Battery E 134th field artillery 37th division, composed of Knox county men, returned from France, 25 of its members have been married.

Licking $4, Warren $3.92, Morrow $3.

The Ohio War Savings Committee today issued a bulletin giving the standing of the leaders in the Victory Shaft race which ends next week. Licking county leads with a percapita sale since June 1 of $4. Warren county is second with $3.92, Morrow third, $3, Ross fourth, $2.80. Licking county's sales amount to $543,000.

Because of the difference in population Licking must sell four times as many stamps as Morrow and 2½ times as many as Warren in order to equal those counties.

The Victory Shaft is only a $10,000 prize. It is not the shaft itself that Licking county seeks but it is the thing the shaft represents. To win it means that Licking county will be the leader in the leading state of America. It will make Licking county's war record perfect.

In order to avoid the great rush during the closing days of the campaign next week, better buy W. S. S. now. Banks and postoffices are urged to provide a good supply of stamps at once in order to be prepared for the demand next week. It would be a calamity to reach the closing days of the campaign with an insufficient supply of stamps. Buy now, avoid the rush. Buy and help to make Licking county win.

"Let's Win," Says President Davis.

W. W. Davis, president of the Newark Chamber of Commerce in an interview this morning said:

"I am very glad to endorse the War Savings Stamp Campaign and to especially call the attention of the public to the spirit which has developed in the five hundred red-blooded members of the campaign teams as evidenced by their declining to accept discharges until the job was finished. This proves conclusively to my mind that a new spirit is prevailing in our midst which can only spell success for Old Licking and Newark in all our future meritorious enterprises. Yours to win the Victory Shaft."

HIGH PRICES ARE BAD ENOUGH, BUT LOOK WHAT ITALIAN WOMEN MUST DO

She Spends About Seven Hours Daily Buying Food for Table—Must Wait Turn In Long Line at Butcher Shop, Bakery and Grocer.

Rome, July 28—(By Mail)—Seven hours of each day of the Italian housekeeper must be devoted to buying food. The problems of the ordinary American housekeeper pale into insignificance even with their troublesome servants when compared to the Italian. Domestic servants' strikes in Italy are chronic

The recent upheaval in Italian economics when the government ordered prices of foodstuffs and clothing reduced 50 per cent has begun reaction and the factor affected most is the housekeeper. She must start to market at 7 o'clock in the morning and is forced to hurry from one store to another. To obtain a piece of meat usually takes two hours. To obtain bread about an hour, eggs two hours, vegetables one hour and a half and canned goods about an hour.

The housekeepers' day starts by placing herself at the back of a long list of waiting customers. The line sometimes extends for half a block guarded by armed carabineers. When the buyer is permitted to enter the store she finds inside a scramble for all sorts of commodities. Guards are stationed there to prevent any mischief. If she obtains what she wants she is lucky.

She treads over the streets a whole morning searching for the things for lunch and then, in the afternoon must start on the hunt again for food. If she is looking for butter she is usually disappointed for there is little to be had. She may obtain meat but is usually thankful to go away with a can of American "bully-beef."

It often happens that her family must miss a meal but that is usually overlooked. It is too evident on every every hand.

Housekeepers sometimes watch a car of produce unload at the railroad station and follow the motor trucks to the store where the produce will be sold. When a carload of eggs arrived the other day women clung to the trucks carrying the eggs to stores while others ran alongside. At the stores the clerks stood in doorways and handed out the eggs, three only to a customer. Some customers reached over others heads with their hats while others pushed aside the weaker ones.

Servants take their rest days by telling the housekeeper they are going for a day or two. They come back when it suits them. The days of those "perfect Italian servants" as Americans used to call them have passed away and a housekeeper is lucky to have a servant at all.

PITTMAN OFFERS

(Continued From Page 1)

domestic questions and the Monroe Doctrine.

With many facts developed at yesterday's conference with President Wilson before it, the senate foreign relations committee today was ready to resume consideration of the peace treaty. J. C. Ferguson, and authority on far eastern affairs has been called to testify before the committee relative to Shantung and related questions.

There was no indication early today whether the committee would again confer with the President.

Debate on the League of Nations and treaty was to be resumed in the senate today with Senator Owen, Democrat, Oklahoma, expected to speak on the league covenant. Senator Hitchcock, Nebraska, leader of the administration forces, it was learned planned to speak either today or tomorrow.

The only exceptions of opinion today as to the conference were from Senators Borah, Idaho, and Johnson, California, Republicans, who in a joint statement set forth the facts developed at the conference as they viewed it and declared that these facts showed that the position they had maintained "in respect to this covenant of the League of Nations is justified and confirmed."

President Wilson had before him a series of 20 written questions submitted by Senator Fall, New Mexico, Republican member of the foreign relations committee. The questions which were submitted to the President at the close of the conference and which he agreed to answer after study, were in regard to the possibility of declaring the war at end prior to senate ratification of the treaty, the disposition of Germany's former colonial possessions, and the reasons for American participation on the various reconstruction commissions created by the treaty.

TEACHERS HEAR WISCONSIN MAN

Head of Dept. of Education of Wisconsin University Speaks at Institute Session Wednesday.

Dr. M. V. O'Shea, of the department of education at the University of Wisconsin, was the new speaker on today's program at the Licking County Teachers's Institute.

He was on the program at both the morning and afternoon sessions. In the morning hour he talked of "The Trend of the Teens," while his forenoon's discourse was scheduled as "Modern Mysteries."

Mrs. Maud Brown Curtiss dealing with language was again a speaker and the remainder of the program was devoted to music and a meeting of the various departments of the school.

NEWSPAPERS HAVE PICNIC.

Youngstown, Aug. 20.—Newspapers and printing shops here closed today for the annual outing of printers. Upwards of 1,000 persons are expected to attend.

Advocate want ads bring results.

DECLARES STEEL

(Continued From Page 1)

Donora. The Cleveland vote was practically unanimous he declared and was unanimous n the Youngstown district.

A decision of the 24 unions to strike will likely be reported tonight Foster said. The meeting of the committee is the regular session, adjourned from the Pittsburgh meeting at which it was decided to take a strike vote.

Mr. Foster's statement follows:

"The meeting is the regular one of the committee having been adjourned from Pittsburgh where it met on July 20 in order to allow time for taking the strike vote. The plans for the meetings are not formulated beyond the general decision to canvass the vote and ask the different internationals to assemble their demands to the manufacturers.

"What the meeting will develop remains to be seen. It is scheduled to start at noon and may last all afternoon and evening. Action may be taken quickly on the preparation of the strike or may develop a debate.

"We of course desire to have no strike and will do everything in our power to prevent it. The demands when they are formulated would naturally be presented to the manufacturers for their consideration. Whether this will be done by letter to Chairman Gary of the United States Steel corporation who would naturally be the head of the manufacturers' committee or by a committee which will ask to meet with the manufacturers remains for the committee to decide.

"I have no means of knowing what the strike vote is, other than through the representatives of the different districts. I do know that in the Pittsburgh district where I have been I have not seen a single negative vote on the strike propositions of the thousands who have come directly to me. Donora, Pa., is the only place I know of where there was a dissenting vote. There was all knds of trouble there when it was discovered.

"I am making no statements regarding the number of men we have organized. The fact is they have been coming so rapidly during the past two weeks that we have been unable to tabulate them. I personally have made no estimate of the number organized except to President Gompers of the A. F. of L. some time ago. In a general way I would say that 300,000 would be a conservative estimate.

"I have been figuring on the organization in the different plants and in my reports have stated that this or that plant is thoroughly organized and can be controlled but gave no figures on the number of men on the rolls. The men who have voted, as a general thing, are all men in the separate unions. This is the case in the Cleveland and Youngstown districts where none other is allowed to vote. In a few instances the vote was taken separately for men who have not affiliated as yet."

Chairman John Fitzpatrick declined to give out any statement.

Among early arrivals here were Joseph Morton, vice president of the International Brotherhood of Stationary Firemen, P. Hannaway, secretary of District No. 5, United Mine Workers of America, Edward Crouch, vice president of International Union of Mine, Mill and Smelter Workers, Henry W. Rosse, secretary of the Cleveland district organization committee and editor of the Cleveland Federationist. Others arrived during the morning.

Executives of the Republic Iron and Steel company, the Youngstown Sheet and Tube company and the Brier Hill Steel company, the three biggest plants here, are out of town today. The secretary of President James A. Campbell of the Sheet and Tube company, denied that Mr. Campbell is attending a meeting to consider the labor situation.

MAY REMIT SENTENCES.

Washington, Aug. 20.—Commanding officers of the ports of embarkation today were authorized to remit unexpired or existing sentences of "garrison prisoners" received by them in all cases where the offence had been a minor one or the sentence imposed had been three months or less.

London, Ohio—Governor Cox starts new prison by turning first shovelfull dirt.

DR. LEWIS WILL BUY BUILDING

About to Close Deal For Purchase In Hudson Ave.

A deal is about to be completed whereby Dr. J. T. Lewis will purchase the Kellenberger block, in Hudson avenue.

The building is a three story brick structure and the ground floors are occupied by Weiant & Crawmer and the millinery store of Miss Grace Haughey. The other two stories are used as apartments.

The consideration to be involved in the transfer has not been made known.

FINISHES COURSE IN CORSET FITTING

Miss Louise Pieri of Meyer & Lindorf's store, has returned from Detroit where she has been attending a school of corsetiery.

After a thorough instruction which embraced corset building and fitting in all its branches, not only in regard to style and form, but also from a surgical viewpoint, Miss Pieri had to go through a very hard theoretical and practical examination and was fortunate enough to come out one of the fourteen from all parts of the country to whom diplomas were issued.

Meyer & Lindorf's action in sending Miss Pieri to this school enables Newark to boast an expert corsetiere who is capable of fitting alike the stout woman who wants a stylish well formed figure and the svelte debutante.

PROBE NEWSPRINT PRICES.

Washington, Aug 20.—Investigation of the newsprint industry to determine whether it is engaged in illegal practices and whether prices are excessive was authorized in a resolution introduced today by Senator Reed, Democrat, Missouri, and adopted by the senate.

REUTERS HEAD DIES.

London, Tuesday, Aug. 20.—Mark Francis Napier, president of Reuters Telegraph company, died at Inverness today of heart failure

Lille, France, Aug. 19.—Evidence adduced before the French military court inquiring into crimes committed by the Germans during the occupation indicates that a charge of murder may be brought against Von Heinrich, a former military governor of Lille.

Advocate want ads bring results.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptons as heat flashes, nervousnass, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

NUXATED IRON

Increases strength of delicate, nervous, run-down people in two weeks' time in many instances. Used and highly endorsed by former United States Senators and members of Congress, well-known physicians and former Public Health officials. Ask your doctor or druggist about it.

Use Cocoanut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified cocoanut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulsified cocoanut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

"The Responsibility of Initiative in the Solution of the Natural Gas Problem Rests with the Public"

No departure from established custom can be proposed without provoking discussion and the recently inaugurated agitation for the conservation of natural gas is no exception to the general rule. However, there seems to be some misconception as to the origin and intent of this conservation movement, but this must arise either from lack of information on the subject or failure to realize that warning was given many years ago as to the result of wasteful extravagance in the use of this precious fuel. Certain it is that producer and consumer gave little heed to such warnings because both seemed to believe that natural gas was inexhaustible, but in the light of better knowledge the one realizes the imminence of total destruction of its business, and the other the deprivation of the most ideal domestic fuel.

Eminent geologists and other able authority on the subject following recent exhaustive surveys of the Appalachian Gas Fields have renewed their oft repeated warnings of the rapid depletion of these natural gas pools from which Ohio, Pennsylvania and West Virginia draw their supplies, but it was in November, 1899, that Professor Edward Orton, State Geologist of Ohio for many years, said:

"The price of (natural) gas ought to be increased in every community that is now using it. There is no good reason why it should be sold at any less price than the fuel which it displaces, or, in other words, why the better article should be sold for less than the inferior. In counting the cost of the displaced fuel, account should always be taken of the various items involved, such as its storage and preparation, the cost of lighting fires and the expense of removing ashes and cinders, none of which enter into the use of gaseous fuel. It may be urged that an increased price for gas would result in extravagant profit for the gas companies. It cannot be denied that there is a possibility of such a result, but as a matter of fact there are very few cases in the country in which companies have got back their original investment or see any good chance of getting it back. They are generally obliged to content themselves with generous dividends while the gas is in full flow."

This early agitation for natural gas conservation on the part of such an eminent authority fell on ears unwilling to listen, because of the mistaken notion that there was no end to the natural gas supply. But this old order of things has undergone a radical reversal in the light of indisputable proof of the waning of discovered and undiscovered supply—the first evidenced by lowering production and complete exhaustion of wells, and the latter by the increasing failures in attempting to develop new production.

Among the many recent recommendations for practical conservation of natural gas might be mentioned a bulletin issued by the Smithsonian Institution (Bulletin 102, Part 7) under the title "Natural Gas: Its Production, Service and Conservation." In the foreword of this able pamphlet, C. G. Gilbert, Curator, Division of Mineral Technology, United States National Museum, says:

"Natural gas is the least appreciated, consequently the most abused, of the mineral resources in popular use. The issues involved are of direct concern to some ten millions of the inhabitants of the United States, and their range of influence does not stop even here; for they form a prominent feature in the nation-wide problem of fuel supply which may be solved effectually only through co-ordinated attention to the component parts. This problem science and technology, working together, can take the initiative in simplifying, by pointing the way and devising means for its solution, but of their own initiative, they are powerless to go further. **The responsibility of initiative in carrying forward the actual process of solution rests with the public, and resting with the public is contingent, as a first requisite upon public opinion genuinely alive to the situation.** This condition of affairs, naturally, is most pronounced in industrial connections of the public service order to which the activities comprising the natural gas industry belong; and this particular situation, bad enough from environment, is further aggravated by characteristics inherent in the resource.

"The public must look to remedying the situation or within a very few years lose the services of the resource already seriously impaired. The stimulus to action contributed in the form of technical discussions is inadequate and equally so that afforded in appeals to sentiment and sensationalism. * * *

"The situation is too complex for any simple formula of remedy. It is not only complex but acutely critical as well, and needs all the light that can be thrown on it from all sides."

Dr. I. C. White, State Geologist of West Virginia, and one of the greatest living authorities on the subject, in recent utterances unmercifully chastises the natural gas wasters and serves notice that a continuance of its extravagant use will result in complete failure within a comparatively short period. He says:

"It is quite probable that not more than one-fourth of West Viriginia's original gaseous fuel resources yet remain in their underground reservoirs. One of the most important questions that confronts the people of the state today is how best to conserve the remaining supply of this matchless fuel so that its use for domestic and other necessary purposes may be prolonged to a distant future."

Dr. John Adams Bownocker, State Geologist of Ohio, speaking on the natural gas situation, the early discovery of natural gas in Ohio, and of the productivity of the field, calls attention to this fact:

"The demands on this territory have been very heavy and while the yield has been extremely large it has by no means equalled the demand. For years Ohio has consumed more gas than she produced, and in 1917 the state's production was only about 40 per cent. of the quantity consumed. The average open flow of new wells in Ohio, for 1918, was 1,517,000 cu. ft., the lowest in 10 years. Moreover, it was a decrease of 33 per cent. over the previous year.

"Conditions with reference to the present and probable future supply of natural gas in the Appalachian field have been stated to the best of my ability and without bias. The situation is only fairly satisfactory for the present, while the future is much more uncertain. All depends on finding new territory in large area, and for reasons previously stated the prospects of such discovery are very poor. At the best the supply on the present enormous scale will last for only a few years."

Dr. Eugene Wesley Shaw, Natural Gas Expert, U. S. Internal Revenue Bureau, and Geologist, U. S. Geological Survey, thus summarizes the gas situation:

"The country as a whole including the gas producer is interested or should be interested in caring for the remaining supplies of gas and in delivering them to those consumers who need them most in an economic way.

"The limited extent of remaining supplies has been frequently referred to but it cannot be over-emphasized. The remarks that future generations—yes, the next generation—will make about our profligacy should already burn in our ears."

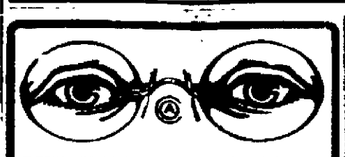

It will be seen by a perusal of the foregoing that agitation for conservation of natural resources does not primarily come from the natural gas companies, but rather that it was inaugurated and is now reitated by geological authorities representing Federal and State governments, who have long realized the importance to the public of a radical change of policy toward this most valuable fuel resource. True it is that the question is also one of most vital importance to those whose capital is invested in means of marketing natural gas, but the great consuming public faces a situation even more critical as the time approaches when natural gas shall be no more.

NOTE:—The management of the gas company, desiring a full and free discussion of this question, invites its patrons to indicate by letter to the company their opinions on the question of failing supply and what must be done to conserve it. Incidentally for their enlightenment in considering this problem we have prepared a booklet containing information data and recommendations from the most eminent authorities on the subject, which we will be pleased to send to any patron who will fill out and mail us this coupon with his name and address.

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare.

In 1855 Newton originated the vacuum process for condensing milk with cane sugar to a *semi-liquid* form.

In 1885 Horlick at Racine, Wis., discovered how to reduce milk to a *dry powder* form with extract of malted grains, *without* cane sugar.

This product **HORLICK** named **Malted Milk.** (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from *infancy* to *old age*.

Ask for HORLICK'S—Avoid Imitations

The Brazilian state of Rio de Janeiro has enacted a law providing for the destruction of its stray dogs.

SCHOOL BONDS ARE IN DEMAND

Cincinnati Firm Pays Good Premium for $100,000 Special Bonds — Two New Teachers Named.

At a meeting of the board of education last evening the $100,000 worth of special school bonds were sold to the Davis Bertram company of Cincinnati at their bid of accrued interest and a premium of $853, which is proof conclusive that Newark school bonds are a very good investment. There were 11 other bidders and all offered a fair premium.

The resignation of Miss Laura Blanc was received as a teacher in the Hartzler school, she having accepted a position in the Cleveland school. Miss Ida Henry, a teacher in the Hudson avenue school, was given a year's leave of absence.

Superintendent O. J. Barnes appointed Mrs. Jessie Hess to succeed Miss Blanc and Miss Arlien Parker to succeed Miss Henry and the appointments were confirmed by the board. These two teachers had the highest rank in the normal training class conducted by Superintendent Barnes last year.

Upon the recommendation of Superintendent Barnes the Miller-Palmer English book was adopted for the High school. It is published by the Lyons-Cunnahan company of Chicago.

The pay roll for the play ground superintendents and employes and for the janitors of the various buildings was allowed for the month of September.

MEXICANS FIRE

(Continued from Page 1)

the American side with bullet holes in the plane of their machine and a report that they had been attacked by three Mexicans, one of whom they believed they killed with machine bullets. Another was believed to have been wounded and third put to flight.

First reports said the cavalry was in pursuit of the remaining bandit but communication was interrupted and no further word came from the punitive force.

Four airplanes which arrived from Fort Bliss, near Elpaso, were to augment the air protection of the eighth cavalry in Mexico today. The rains of last night are believed to have wiped out the trails of the bandits, but it was without its advantages, however, for the softened conditions of the earth would make fresh trails, more easily discernible than the trails made previous to the rains.

TREAT 'EM ROUGH IS WAR DEPT. ATTITUDE

Washington, Aug. 20.—Mexican border raids and depredations by bandits directly across the border, evidence from official sources today showed, will in the future bring upon the marauders the armed forces of the United States. The present punitive expedition led by Major General Joseph T. Dickman, commander of the southern department, it was learned, constitutes the first working out of the new policy, which one official characterized "as handling the border nuisance without gloves."

The border guard, it was said, was equipped admirably for such work with swift moving cavalry, machine gun sections and airplanes stationed at detached points along the Rio Grande.

Interest in the search of the Eighth cavalry which crossed the border yesterday for the bandits who held Lieutenants H. G. Peterson and Paul N. Davis, for ransom, continued intense today at the war department. Dispatches were received late yesterday from General Dickman but were not made public.

ASKED PERMISSION TO HUNT LOST AIRMEN

Mexico City, Tuesday, Aug. 19.—American aviators were given permission to cross the international frontier by the Mexican government to search for Lieutenants Harold B. Peterson and Paul H. Davis, who were captured by bandits, according to a bulletin made public here tonight by General Juan Barragan, chief o fthe presidential staff. The bulletin makes no mention of any permission being given the United States to send troops across the frontier, it also does not mention the exact place where the two American aviators were supposed to have landed and gives no information as to what band of outlaws is believed to be in that region.

General Barragan's bulletin says that on August 11, General Manuel M. Dieguese, commander of military operations in the state of Chihuahua, reported to President Carranza that he had received a message from Andres Garcia, inspector general of Mexican consulates, forwarding a not from Colonel George T. Langhorne, American commander at Marfa, Texas. Colonel Langhorne's note stated that an American army airplane had landed in Mexican territory south of Big Bend country Texas, as a result of following the Conchos river instead of the Rio Grande. The bulletin continued by saying that the region where the airplane landed is a desert, where it is known some bands of outlaws have their rendevous and have not scattered because of the difficult nature of the cdlintry. The note from Colonel Langhorne asked permission for other American machines to cross the frontier to locate the lost pilots. It is stated that President Carranza gave his consent for other airplanes to cross but learning they would accomplish nothing ordered Antonio Primada, chief in command at Ojinaga to send out cavalry scouting parties. It is stated the government has been unofficially informed that the aviators have been ransomed and the eighth American cavalry has sent troops in pursuit of the bandits but that no official report has been received from General Dieguese.

YANK SAILORS FED UP ON FISH IN NORTH SEA

London, July 26.—American sailors on mine sweeping duty in the North sea, probably will not crave fish when they get back home. When mines are exploded in the process of clearing out the barrage, thousands of fish are killed. One of the little sub-chasers in the fleet scoops up hundreds of pounds of them each evening when operations cease for the day, and distributes among the several vessels for food. The men enjoyed it for a time but now hate the sight of fish. One catch included a salmon which was cruising around miles out from land. Anglers say that a salmon should not be so far from land.

MT. PLEASANT.

D. J. Leckrone of the Ohio City Oil company was delivering coal oil and gasoline in this vicinity Monday.

Misses Alta Clark of St. Louisville and Delpha Johnson of Fallsburg, spent Tuesday with their cousin Miss Clara Moran.

William Anderson of Nickel Valley spent Wednesday with Joshua Moran at the home of Granville Smith.

Several young people of this place attended the surprise on Elmus Moore of Pleasant Valley Wednesday evening.

This place was well represented at the Baptist association of Perry chapel Thursday and Friday.

M. R. Moran and Granville Smith went to Zanesville Thursday after Mrs. Eunice Brandon, who has been in the hospital there the past three weeks.

James Martin was a Frazeysburg caller Friday.

Newark callers Saturday were: C. B. Ashcraft and daughter Flossie, T. S. Moran and son Roy, Perry Rine, James Gault and son Rollie, Mr. and Mrs. M. R. Moran and grandson Doris Brandon, Fred, Ross and Carl Moran and Lewis Ramsey.

Mr. and Mrs. Earl Rine and sons spent Saturday at West Carlisle.

Mis Lucille Ashcraft spent Sunday with Miss Violet Ashcraft.

Mr. and Mrs. James Martin and family attending the Rine-Martin reunion at Moundbuilders park Sunday.

Mrs. Violet Gault and children Harry and Blanche of Bladensburg spent Sunday at the home of U. A. Moran.

Mr. and Mrs. John Poorman of Trinway spent Sunday with Ira Billman and family.

Mr. and Mrs. G. J. Smith spent Sunday afternon at the home of T. J. Moran.

Misses Eula and Edith Cessna, Mr. and Mrs. Roy Mizer and son Kerbert of Bladensburg, spent Sunday with Miss Kate Mowery.

Rev. Mr. Stout filled his appointment at this place Sunday and took dinner with Conard Tipton.

BLADENSBURG

Rev. Mr. Sims filled his appointment and with his wife spent Sunday night with Dr. and Mrs. Stonehocker.

Mrs. Lena Hall and daughter Ruby of Utica are visiting her parents Mr. and Mrs. Leander McCamment.

Mrs. Wiggins entertained her mother Mrs. Burkholder of Mt. Vernon, grandmother Mrs. Coffman and aunt Mrs. Jennie Larison of Newark the past week.

Mr. and Mrs. Oliver Ashcraft, Mr. and Mrs. Milton Elliott, spent several days last week at Niagara Falls.

Little Albert Crider of Mt. Vernon is the guest this week at the Mizer home.

Mrs. George Davison entertained the following at dinner Sunday: Rev. and Mrs. Sims of Augusta, Mr. and Mrs. Walter Sims, Mr. and Mrs. Harley Sims of Howard and Mr. and Mrs. Carey Cottrell of Jug Run.

Miss Zelpha Hall of Utica is spending a few days with her grand-parents.

Mr. and Mrs. Lennie Colgin, Mrs. Sadie Mills spent Sunday with Mrs. Colgin's son Ira and family of Reform.

Ray Earleywine and family spent Sunday with his parents.

Mr. and Mrs. Clyde Ashcraft took dinner with Mr. and Mrs. Win Colgin Sunday.

Mr. and Mrs Will Hall of Mt. Vernon have moved back to their home here.

Mrs. Ross Rine and children are spending the week with her parents near Rocky Fork.

Several from here are planning to attend the Mt. Vernon fair this week.

Misses Ruth Wolfe, Miss Horn of Union Grove spent several days last week with Miss Ruth Wolfe's grandmother Mrs, Stricker.

Mrs. T. J. Hess is spending the week with relatives at Mt. Vernon.

Frank McCamment left Sunday for Gary, Ind., to take his grand-children home who had been spending the summer here.

Miss Ada Crumsine of Delaware is visiting relatives here.

VANATTA, ROUTE 1.

Mr. and Mrs. Seth Havens visited Mr. and Mrs. Dick Conley of Newark last Sunday.

Mr. and Mrs. Will Wince and sons Morey and Earl and grandson Ray, called on Mr. and Mrs. G. W. Specht last Sunday evening.

Mr. and Mrs. Beech Shufelt of Lake Hill, visited Mrs. Marinda Preston and family last Sunday.

Arthur Wince and son motored to the home of Zanes Stout last Sunday.

Harry Vance called on Walter Preston, Monday.

Mr. and Mrs. S. R. Hunter and children and Mr. and Mrs. T. W. Griffith and children attended a birthday dinner for Mrs. Jane Hunter at the home of Mr. and Mrs. Norris Irwin last Saturday.

Walter Preston called on Frank Riley last Monday.

Mr. and Mrs. Harvey Lingafelter and children Helen and William of Denison, visited his sister Mrs. Seth Havens this week.

Messrs. Lingafelter and Brown are erecting a large porch for Mrs. M. Preston.

ST. LOUISVILLE, R. D. 2.

Mr. and Mrs. T. W. Fisk spent a couple of days in Newark last week.

Mrs. Jennie Weiss called at the home of George Maharg Thursday morning.

Mrs. Ethel Rice and children, Mrs. Mary Porter and baby called on Mrs. Alice Sterrett Thursday afternoon.

Mrs Zoa Avery of near Black Hand spent the past week at her home on Lost Run.

Mr. and Mrs. George Maharg spent Sunday with their son Mr. and Mrs. W. H. Maharg.

Mr and Mrs. Sam Nethers and children Mary and Lester spent Sunday with Mrs. Nethers' sister Mr. and Mrs. Foster Moran and family.

Mr and Mrs. John Maharg and son Howard of Newark, spent Sunday with Mr Maharg's parents Mr. and Mrs Adam Haharg.

Mr and Mrs. Allen Smith, spent Sunday with their son Mr. and Mrs. Amzi Smith

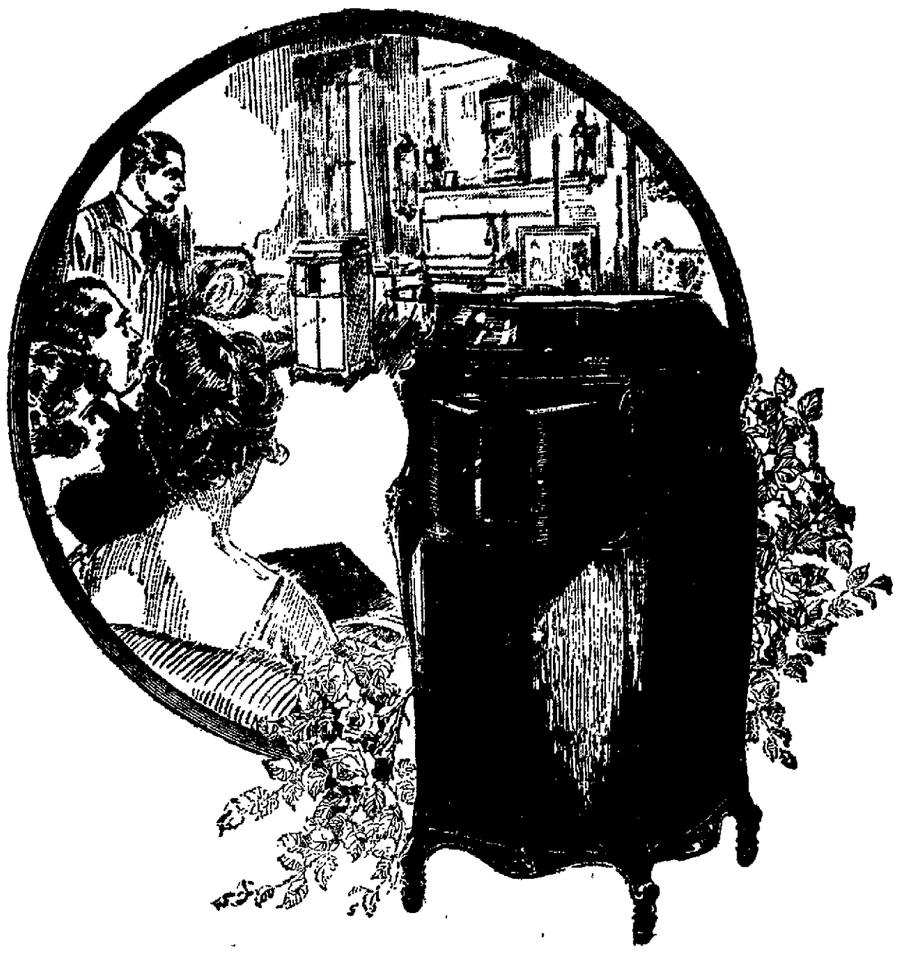

Mr and Mrs. Samuel Weiss spent Sunday with Mrs Weiss' daughter Mr and Mrs Earl Wolf and family.

Emmet Smith called on Mrs. J. F. Sterrett Sunday evening.

PROFITEERING.

The charging of unjust prices is an evil which if unchecked threatens the social order. Of course at such a time as this, there are many reckless charges of extortion. Many concerns are charged with it when they are barely able to meet their bills. Probably the trouble is much more with producers, manufacturers, speculators and middlemen, than with the retail trade. But no element of the trade community is wholly exempt from blame for the present unreasonable level of values.

How far the government should go in fighting this evil remains to be seen. It may become necessary to go to the limit and fix a good many prices. The machinery of production and distribution is delicate, and should not be tampered with any more than is necessary. Anyway the practices of food hoarding and speculation are harmful as conducted now, and will have to be regulated.

Much can be accomplished through public sentiment, if organized. Chambers of Commerce and other business organizations should take up the price question, realizing that every single case of unfair prices creates social unrest, promotes labor troubles, and drives away trade.

In case where profiteering is alleged, investigators by public authority, or committees appointed by an imperial body, would be useful. The finding of such investigations would not be lightly disregarded by sellers of merchandise.

The agitation against high prices should not go so far as to scare producers, dissipate business confidence and check production.

Business will be on a sounder foundation if everyone is made to realize that prices have reached the highest point to which they can go with safety. When the business man becomes content with a reasonable profit, and the wage earner stops clamoring for more pay, then prices will begin to recede.

THE CROP SHRINKAGE.

A few weeks ago the American people were expecting crops beating all previous records. The wheat crop in particular was to mount up to 1,200,000,000 bushels or more. But much damage has been done, and wheat will probably drop below a billion bushels. Scarce food was what started advances of all kinds of price and plentiful food is needed to bring prices down.

The latest figures indicate about an average cereal crop. That is not enough, as Europe's productive power is not restored. As long as the food supply is short or only barely sufficient speculators will always be manipulating prices. There needs to be a reserve of food so that cornering shall be discouraged, and profiteers shall not be able to scare the public into paying exorbitant prices.

The people must still think of food conservation. During the war food economy talk was printed in every newspaper, shouted at the people from every billboard. Since the armistice people are slipping back in their old careless ways. Probably at the present time great food resources are being wasted in garbage and otherwise.

The more food is wasted the higher it costs. Every home in Newark should continue the policy of food conservation, and keep up all the thrifty habits taken up through the war. The old days of lavish resources are not likely to return.

Many men who worked on farms as boys will recollect how the thrifty old timers would make them rake in every corner of the hayfield, and how their gleanings would collect a big heap of scatterings that thriftless workers would leave behind. Leaky carts and careless handling waste great quantities of grain. Careful, economical harvesting will be needed to pull the world through its present pinch.

Some one wants to know what has become of the old fashioned burglars and highwaymen that used to terrorize the people and finally get jailed. O well, they have taken up now the perfectly legal business of food profiteering, and have been able to buy handsome homes in the exclusive neighborhoods and receive the adulation of all their neighbors.

Correspondent asks what is included in the offense of "idle and disorderly conduct." Well, playing in jazz bands is a conspicuous modern illustration of it.

About now some folks go down to the cellar as frequently as if they were shovelling coal into the furnace on a cold winter day.

All this discussion over the prohibition question is getting to be pretty dry reading.

WE'RE WALKING IN NEWARK NOW.

(New York Tribune.)

The great tramp over the Brooklyn bridge has ended and Brooklynites have gone back to their crouching and sitting, like all the other humans in this age of discarded legs. It was a brave show while it lasted. In a five-mile walk you can reach your home in almost any part of Brooklyn, Bay Ridge, Flatbush or East New York. A large part of Brooklyn tramped many miles a day during the strike. Chests filled up their unexplored recesses, forgotten muscles learned how to ache, and diners never were so hungry.

There ought surely to be a handsome investigation some day of this civilization that sits all day like an old woman at the fire. It was a proud day when the monkeys began to walk upright. They lost the use of their tails, and the tree route disappeared from their lives. But they became men instead. Now that desks have been invented and telephones and push buttons installed to save steps and permit a human being to sit all day at his flat-top demesne, and trolley cars and automobiles and elevators created to lift him around like a crate of eggs, what becomes of his old haughty erectness? It is vanishing while we wait, and with it legs and feet save as occassional emergency weapons. The rusty shotgun in the attic has nothing on a pair of modern legs in point of usefulness.

Is all this happening without an important effect upon human nature and character. Inconceivably! Environment and inheritance have been elaborately muck-raked to account for our distressing weaknesses. Yet one in external and the other relatively remote as compared with a daily, ever-present habit. "Homo Sedens, or the Influence of the Desk Upon Mankind," ought to furnish a splendid thesis for a handsome post-graduate degree. And it might ultimately awaken some of us to what we are missing. Ask the Brooklynites. They know.

FUNDAMENTAL FACTS.

(New York World.)

In so far as the excessive cost of living is due to the greedy operations of the profiteer, it can be dealt with by government. In so far as it is economic, it must be dealt with by everybody.

This is not an American problem alone. It is a universal problem, and every government is forced to meet it.

What the profiteer can do in the way of increasing the cost of living is illustrated by the report of the federal trade commission on the leather industry. Everybody has been gouging the consumer, from the packers that control the hide supply to the retailers that sell the shoes over the counter.

But the economic aspect of high prices is quite a different question. The war has cost more than 7,000,000 lives and fully $200,000,000,000 in money, to say nothing of the 40,000,000 men that have been left maimed. It has crippled the economic machinery of the whole world and disorganized all the agencies of production and distribution.

The labor unions that are demanding new wage increases and shorter hours under the pretense of meeting the high cost of living are only making a bad matter worse for themselves and for everybody else. If they are really concerned with reducing the cost of living they must begin to take an interest in the matter of production. This war cannot be liquidated by schemes for doing less work for more pay, and the whole world is bound to be confronted by high prices until some of the loss and waste of war has been replaced.

It is idle to expect that the economic system of the country can begin to function normally until peace is established and the Republican majority in the United States senate refuses to permit peace to be established. It is still muddling over the treaty and will continue to muddle for weeks and months to come unless public pressure is exerted upon senators who think the destiny of a great nation merely a personal controversy between them and the president of the United States who helped negotiate the treaty of peace.

The longer the senate is allowed to play fast and loose with the treaty the longer the period of suspense will continue and the greater will be the damage from the unrest that results. This may not appeal to Senator Lodge and those senators who live in a world of [illegible] for which they have [illegible] but [illegible] the graver menace to the welfare and stability of the United States than anything I. W. W. [illegible] have ever been able to [illegible].

How to Get Well Quickly

"Well, did the doctor do anything to hasten your recovery?"

"Wallace—Oh, yes, he told me he was going to charge me a guinea a visit."—London Tit-Bits.

The Advocate's MELTING POT

Few consider how much we are indebted to government, because few can represent how wretched mankind would be without it.—Addison.

Boisterous.

Six sons are in his family
They loudly quarrel and fuss;
"Oh, why did Fate award," says he,
"So many boys ter us?"

An Appealing Arugment.

Aunt Ca'line

Aunt Ca'line says: Yesterday I were a setting out on our front porch a-trying to cool me off a mite, which it were turrible hot. Pretty soon Gotta B. Eaton an' Minnie Fish come by a-getting home from the Sunday school picnic. So I calls out, "Come on in, girls, an' cool off a bit," an' they done so. They was jest about cooked out but their tongues went as easy as ever an' they told me about the picnic an' awl. At last Gotta she wiped her face on her apern an' says she, "My goodness, but it's hot." she says. "Minnie" says she, "I betcha the bad place ain't no hottern this." she says. "Why Gotta Eaton!" says Minnie. "You notty girl! You'll go there if you talk that way," she says. But Gotta she jest kinda tost her head an' says she, "I don't care!" she says. "Aunt Ca'line," says she, "is it any hotter there than it is here today?" she says. "Well, I don't ritely no, Gotta," I says, "but I imagine it is," says I. "Land sake!" says Gotta, a-wiping her face again. "If that's so I'm mity sure I don't want to go there," she says.

A Matter of Personal Taste.

You ask why I'm a democrat and so
I'll tell you in the shortest, quickest way;
It's because I'd rather hear a rooster crow
Than listen to a long-eared jackass bray.
I. G.

Efficiency.

The telephone service hasn't got to the place yet where they can't reach you with a bill.—New York Evening Sun.

It is even aided and abetted in achieving this end by the unwonted efficiency of Mr. Burleson.

Tuff!

A lot of bald heads in this land
Are very, very sore;
For they buy hair restorer, and
Find that it won't restore.
Luke McLuke.

And ladies with mustaches,—land!
Do quite as angry prove;
For they buy hair remover and
Find it won't remove.

Did You Know

That vegetable wax of four different kinds may be extracted from various plants and used as a good substitute for beeswax? They are myrtle wax, from the bayberry; Japan wax, from the seeds of a species of sumach; wax from the Ceroxylon Andicola, of the Andes; and that from the Carnahuba palm of Brazil.

LICKING IS FIRST WARREN SECOND MORROW THIRD

Columbus, Aug. 20.—Licking county again leads in the race for the $10,000 Victory memorial shaft offered by the Ohio War Savings committee to the Ohio county selling the largest percentage of its quota of War Savings Stamps during June, July and August.

Figures just issued at Ohio War Savings headquarters give Licking county a per capita sale of $4, while Warren county is second with a per capita sale of $3.92. Morrow county is third with a per capital sale of $3, and Ross fourth with a per capita sale of $2.80.

With the contest closing within two weeks, the race for the $10,000 monument has developed into a neck-and-neck affair with the liklihood that the winner will not be decided until the last hour of the contest. Many other counties are staging drives now in an eleventh-hour effort to "bring home the prize."

Licking county since June 1 has sold $243,495 worth of War Savings Stamps, bringing her total sales for the year up to $543,000. Sales for the corresponding months of last year were $789,000. This record is considered remarkable as the sale of war stamps this year has been made without the urge of war. "It is a remarkable indicaiton," declared State Director H. P. Wolfe, "of the continued popularity of War Savings Stamps and of a realization by the people of Ohio of their investment value."

Spirit of the Press

An Appeal to Reason.

Conservative leaders of labor here and there are noted appealing to their followers to take time for consideration and deliberation before striking, and the wisdom of their advice deserves to be commended and urged by sane public sentiment. Strikes will not solve the problem of the high cost of living. If successful, they only aid in the continual round of advancing costs. There is good reason to believe that a serious attempt is now being made to relieve the present high level of living costs, even of permanent and complete remedy cannot be devised. Conditions are not peculiar to this country. They are world-wide. Time must be taken for readjustment, and meanwhile it is the part of wisdom for every man to stick to his job, to help in securing a maximum of production, to facilitate distribution, and to preserve that domestic peace which is necessary for working out the problem.—Rochester Democrat and Chronicle.

Civilization Will Survive.

The prediction by Arthur Henderson, the British labor leader, that before winter sets in there will be "a terrible spasm of rage and despair among the peoples of Europe, in which the final remains of civilization may be annihilated," cannot be commended for its constructive wisdom. Talk about the annihilation of civilization is palpably absurd. Lenine and Trotzky have tried that game in a particularly favorable field, Russia, and even there it has failed. Europe may see some stormy days ahead, just as the United States may, but the world is not going to revert to the darkness that followed the downfall of Rome.—Philadelphia Record.

The Army Food Sale Not Enough.

In the United States there are more than 20,000,000 families. Distribution amounting to only a dollar a head for one single time isn't going to make a dent in such a colossal food crisis. If the house of representatives wants to get at this problem in earnest, and surely it does; if it wants to help the public at once it must get at the fundamental cause, the cause which is operating so disastrously at breakfast, at dinner, at supper time day in and day out, week after week and month after month. This is the Washington administration's jackscrew under the price of breadstuffs.—New York Sun.

The Columbian Treaty.

The only light thrown on the reason for the transfer is that which shines dimly from the preamble. Though it is not said Colombia is in the market to sell her friendship nor that this country is in the market to buy a block of it, the absence of a mention of any other consideration would seem to imply that the transaction in some way relates to a [illegible] friendship; and that this country being payer and Colombia payee, we somehow purchase and she somehow sells.—New York Tribune.

Pointed Observations

The Adamson act spoiled the railway brotherhoods composed of the highest paid men in industry.—St. Louis Post Dispatch.

"History is a series of lies agreed upon," said Wendell Phillips, many years ago. "History is bunk," says Henry Ford. Must we give up having history?—Cleveland Plain Dealer.

One of the main differences between a lot of soft drink establishments and the average "blind tiger" seems to be a few bottles of something soft on display.—Indianapolis News.

Well, we see the cost-of-living problems are getting into the Courts, and we suppose the perishable foods may as well make up their minds to perish.—Ohio State Journal.

If 90 per cent of his ammunition is made in the United States how long could Lenine persist were he compelled to rely on the other 10 per cent?—Detroit Free Press.

Strikes as a means of reducing the cost of living are about as sensible as burning down the house to keep warm.—Washington Post.

It is apparent that the supply of week-day Christianity is not equal to the demand.—Toledo Blade.

AUTO EXHAUST SETS FIRE TO BUILDING

All the fire companies in the city were called to the Harry A. Bailey tin-shop in the rear of the West Main street market house last evening at 7:35 o'clock, where the firemen found flames issuing from the windows and doors. The flames were extinguished after about twenty minutes work. The firemen confined the flames to the west end of the building, but little stock being damaged.

The fire started from the exhaust pipe on the Ford delivery truck which became overheated, setting fire to the truck. The flame reached the leather top of the truck and set fire to the rafters overhead. Sparks and fire brands dropped into rolls of paper and soon the whole room was aflame.

The building is fireproof and that fact probably saved thousands of dollars worth of property from being consumed for it is located immediately in the rear of the market house.

Mr. Bailey was not prepared to estimate his damage until he could take an invoice of the stock. The only damage to the building was the scorching and burning of the rafters overhead. The truck chassis and woodwork were scorched. The building and contents are insured and after the adjustment today work will be resumed as usual.

DETROIT HAS 40,000 USERS OF OPIUM

Detroit, Mich., Aug. 20.—Two and one-half tone of opium in each year brought into the city of Detroit and most of it is put into illigitimate uses, according to the federal authorities.

Detroit has 40,000 drug addicts, it has been estimated, and city officials are being urged to establish a municipal institution where they may be treated and cured, if possible, for questioning has brought out the fact that a very large proportion of the victims acquire their drug habit through association with other addicts.

Detroit, it is said, is the third largest opium importing center in the United States, the major portion of the drug coming in from Canada and Mexico, and the police declare the "underground railway" over which the traffic is handled in the main is operated by a drug smuggling organization that is nation-wide.

Not more than 10 per cent of the opium brought into this city is used in prescriptions and patent medicines, it has been stated, 90 per cent or more being used for illegal purposes. Medicine manufacturers here, investigation has shown, use very little of the drug in their preparations.

Among the facts brought out by local investigations into the use of opium is that Americans, native, lead all other nationalities in its illegitimate use.

RELIEF CORPS TO SERVE CHICKEN TO SOLDIERS

All soldiers, sailors and marines have been invited to be the guests of the Women's Relief Corps at a chicken supper to be served at G. A. R. hall Thursday evening, August 28th at 6:30 o'clock.

CHINAMAN IN U. S. ARMY.

Louisville, Ky., Aug. 20.—First Lieut. Kumb H. Ho, one of the first Chinese officers in the United States, has just received an honorable discharge at Camp Zachary Taylor. Lieut. Ho entered an army school in Honolulu several years ago, and, as a second lieutenant, was detailed to Camp Pike, Ark., came to Camp Gordon and served seven months at Camp Taylor in 1918.

A SECOND-HAND VACATION

Licking Motor Sales Co.

Changes Hands

I WISH TO ANNOUNCE to the general Public in this vicinity that I have purchased the interests of Messers. Edward Hatfield and J. R. Tavenor in the Licking Motor Sales Co. and will continue the business under my personal and direct management.

I WILL CONTINUE TO HANDLE THE MITCHELL, DORT AND JORDAN AUTOMOBILES WHICH WILL BE SOLD AT THE LOWEST MARKET PRICE.

I have also combined my well-equipped service station located in the old Ball & Ward carriage shop, First and Church streets, with the sales business. This will afford every owner of an automobile absolute assurance that prompt and efficient service on all cars, but more especially on Mitchells, Dorts and Jordans, of having their work done promptly, efficiently and at a very moderate price.

I will also continue to handle a full line of tires and every other automobile accessory of the highest class, and at lowest prices.

Your patronage is respectfully solicited and an effort will be earnestly made to give perfect satisfaction.

W. D. COEN

Sole proprietor and manager Licking Motor Sales Co.

OBITUARY

Mrs. Margaret Patterson.

Mrs. W. S. Turner of Hudson avenue has returned from Wooster where she attended the funeral of her mother Mrs. Margaret R. Patterson. Two weeks ago Mrs. Turner and her mother who had been staying with her left for Wooster to visit Mrs. Patterson's daughter Mrs. Alex Stauffer. While there Mrs. Patterson went to Ashtabula county her former home on a business trip and spent a few days at the home of Mr. and Mrs. Thomas Moore. She returned on Monday evening seemingly in the best of health and during the night was striken with pleurisy. Her condition not being serious Mrs. Turner returned to her home here on Tuesday and received a message on Wednesday that double pneumonia had developed. She immediately returned to Wooster and Mrs. Patterson died Thursday night.

Child's Funeral.

Funeral services for Paul Luther Hetzer were held this morning at 10 o'clock in the Salvation Army hall and burial was made in Cedar Hill cemetery.

Infant's Death.

Private services for the three day old infant of Mr. and Mrs. Jess Haynes who died Tuesday night will be held Thursday morning at nine o'clock in the home 102 Riley street. Rev. Paul E. Kemper will officiate and burial will be made in Cedar Hill cemetery.

Card of Thanks.

We wish to thank our friends and neighbors for their kindness during the illness and death of our mother, Mrs. Elizabeth Duffill. For all floral offerings. Children. 8-20-1tx

Even Beginners Can Now Be Sure of Making Perfect Jams, Jellies and Preserves

Now that women know how to be sure of certain results this is going to be a great season for home preserving.

This new method for making preserving syrup is the answer to every housewife's doubts about getting perfect results in putting up fruit at home.

The practical preserving syrup is made by using ½ Karo (*Red Label*) with ½ sugar.

This method does away with all preserving difficulties, which are mainly due to using sugar alone.

The use of Karo ensures firm jelly that always "jells"; rich preserves with heavy syrup; and "fruity" jams.

You can be sure, too, that when you turn your jelly or jam out, you will find it firm and mellow, never tough, or "candied."

Karo is a fine, clear syrup with a natural affinity for the fruit juices. It blends the sugar with the fruit and brings out the full fruity flavor.

For Cooking, Baking and Candy Making Karo (*Red Label*) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE

A book of sixty-eight pages that gives you the best recipes for sure results in preserving. Easy to follow. The Corn Products Cook Book is handsomely illustrated — and it's free. Write us today for it.

ORDINANCE NO. 3037.

By MR. REDMAN.

Determining to proceed with the improvement of Eastern Avenue from Webb Street to West line of Mill Street by curbing and paving the roadway thereof.

Be it ordained by the Council of the City of Newark, State of Ohio—three-fourths of all the members elected thereto concurrng:

Section 1. That it is hereby determined to proceed with the improvement of Eastern Avenue from Webb Street to West line of Mill Street by curbing and paving the roadway thereof in accordance with Resolution passed on the 21st day of July 1919 in accordance with the plans, specifications, estimates and profiles hereto approved and now on file in the office of the Director of Public Service.

Section 2. That all claims for damages resulting therefrom shall be judicially inquired into after the conclusion of the proposed improvement.

Section 3. That the whole cost of said improvement, less one fiftieth thereof, and the cost of intersections, shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefitted by such improvement, and the cost of said improvement shall include the cost of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the costs of construction, together with the interests on bonds issued in anticipation of the collection of deferred payments, and all other necessary expenses, and that the assessment so to be levied shall be paid in twenty (20) semi-annual installments with interest on the deferred payments at a rate not to exceed 6 per cent per annum, provided that the owner of any property assessed may at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer in, which case the said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of deferred installments, of such assessment, and that the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of the assessment by installments and in an amount equal thereto, and that the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections and the damage awarded to the owner of adjoining property and interests therein, and the cost and expense of such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 4. That the following lots and lands shall be assessed for said improvement as above determined: All lots and lands abounding and abutting upon the proposed improvement on Eastern Avenue between Webb Street and West line of Mill Street.

Section 5. That the Director of Public Service be and is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement according to law.

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed August 18, 1919.

R. L. WILLIAMS,
President of Council.

Attest: GEO. H. HAMILTON,
Clerk of Council.

Approved by the Mayor this 18 day of August 1919.

H. A. ATHERTON,
8-20-Wed-2t Mayor.

ORDINANCE NO. 3038.

By MESSRS. RIGGS AND KNAUBER.

Determining to proceed with the improvement of Central Avenue from Hoover Street to Moull Street by curbing and paving the readway thereof.

Be it ordained by the Council of the City of Newark, State of Ohio—three-fourths of all the members elected thereto concurring:

Section 1. That it is hereby determined to proceed with the improvement of Central Avenue from Hoover Street to Moull Street by curbing and paving the roadway thereof in accordance with Resolution passed on the 21st day of July, 1919, in accordance with the plans, specifications, estimates and profiles hereto approved and now on file in the office of the Director of Public Service.

Section 2. That all claims for damages resulting therefrom shall be judicially inquired into after the conclusion of the proposed improvement.

Section 3. That the whole cost of said improvement, less one-fiftieth thereof, and the cost of intersections, shall be assessed by the foot frontage upon the following described lots and lands, towit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefitted by such improvement, and the cost of said improvement shall include the rost of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the costs of construction, together with the interests on bonds issued in anticipation of the collection of deferred payments, and all other necessary expenses and that the assessment so to be levied shall be paid in twenty (20) semiannual installments with interest on the deferred payments at rate not to exceed six (6) per cent per annum, provided that the owner of any property assessed may at his option pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer in which case the said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of deferred installments, of such assessment, and that the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of the assessment by installments and in an amount equal thereto, and that the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections and the damage awarded to any owner of adjoining property and interests therein, and the cost and expense of such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 4. That the following lots and lands shall be assessed for said improvement as above determined: All lots and lands bounding and abutting upon the proposed improvement on Central avenue between Hoover street and Moull street.

Section 5. That the Director of Public Service be and is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement according to law.

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed August 18th, 1919.

At average water level the waterpower of Finland is estimated at 3,000,000 horsepower, of which but about 150,000 horsepower is utilized.

ORDINANCE NO. 3039.

By MR. KEYES.

Determining to proceed with the improvement of Burt Avenue from Williams Street to Union Street by constructing a sewer therein.

Be it ordained by the Council of the City of Newark, State of Ohio—three-fourths of all the members elected thereto concurring.

Section 1. That it is hereby determined to proceed with the improvement of Burt Avenue from Williams Street to Union Street by constructing a sewer therein in accordance with Resolution passed on the 21st day of July 1919, in accordance with the plans, specifications, estimates and profiles hereto approved and now on file in the office of the Director of Public Service.

Section 2. That all claims for damages resulting therefrom shall be judicially inquired into after the conclusion of the proposed improvement.

Section 3. That the whole cost of said improvement, less one-fiftieth thereof, and the cost of intersections, shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefitted by such improvement, and the cost of said improvement shall include the cost of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the costs of construction, together with the interests on bonds issued in anticipation of the collection of deferred payments, and all other necessary expenses, and that the assessment so to be levied shall be paid in ten (10) semi-annual installments with interest on the deferred payments at a rate not to exceed 6% per annum, provided that the owner of any property assessed may at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer in which case the said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of deferred installments, of such assessment, and that the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of the assessment by installments and in an amount equal thereto, and that the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections and the damage awarded to any owner of adjoining property and interests therein, and the cost and expense of such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 4. That the following lots and lands shall be assessed for said improvement as above determined: All lots and lands bounding and abutting upon the proposed improvement on Burt Avenue between Williams Street and Union Street.

Section 5. That the Director of Public Service be and is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement according to law.

Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

RESOLUTION NO. 874.

By MESSRS RIGGS AND KNAUBER.

Declaring it necessary to improve Central Avenue from Ash Street to Moull Street by constructing a Sanitary Sewer therein.

Be it resolved by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:

Section 1. That it is necessary to improve Central Avenue from Ash Street to Moull Street by constructing a Sanitary Sewer therein according to the plans, specifications, estimates and profiles of the proposed improvement prepared by the Civil Engineer now on file in the office of the Director of Public Service, which are hereby approved and which shall be open to the inspection of all persons interested therein.

Section 2. The materials to be used in the construction of said sewer shall be vitrified clay or shale sewer pipe, and brick catch-basins and manholes with cast iron covers.

Section 3. The grade of said sewer shall be as shown on the plans and profiles now on file in the office of the Director of Public Service.

Section 4. That the whole cost of said improvement less one-fiftieth thereof and the cost of intersections shall be assessed by the foot frontage upon the following described lots and lands, to wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefitted by said improvement and the cost of said improvement shall include the expense of printing and publishing notices, resolutions, and ordinances required and the serving of said notices, the cost of construction together with the interests on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenses.

Section 5. That the assessments to be levied shall be paid in ten (10) semi-annual installments with the interest on the deferred payments at a rate not to exceed 6 per cent per annum, provided that the owner of any property assessed may at his option pay such assessments in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer; in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred assessments and all other necessary expenses.

Section 6. That the bonds of the City of Newark, Ohio shall be issued in anticipation of the collection of assessments by installments and in the amount equal thereto.

Section 7. That the remainder of the entire cost of said improvement not specially assessed including the cost of intersections or the damage awarded any owner of adjoining lands and interest therein and the cost and expense of any such award shall be paid by the issuance of bonds in the manner provided by law.

Section 8. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Adopted August 18th, 1919.

R. L. WILLIAMS,
President of Council.

Attest: GEO. H. HAMILTON,
Clerk of Council.

Approved by the Mayor this 18th day of August, 1919.

H. A. ATHERTON,

Pittsburgh Live Stock.

Pittsburgh, Aug. 20.—Hogs receipts 800; higher; heavies 20.75@22.00; heavy yorkers 21.75@21.85; light yorkers and pigs 20.25@20.50.

Sheep and lambs receipts 600; stealy; top sheep 11.25; top lambs 16.50.

Calves receipts 187; steady; top 22.50.

Cleveland Produce.

Cleveland, Aug. 20.—Poultry live fowls 34 to 36; roosters old 22 to 24; ducks 30 to 35; geese, old 20 to 22; young 25 to 28.

Potatoes, east shore cobblers $6.25 per 150 pound sack; do stave barrels $7.25.

Wall Street.

New York, Aug. 20—A firm to strong tone prevailed at the opening of today's stock market despite the imminence of the strike-vote to be taken by steel employes. Equipments, Oils and Tobaccos guided the general list to higher levels. Rails and Shippings also displayed better tendencies. Mexican Petroleum registered an initial fractional reason, but soon rallied almost 2 points, and Pan-American Petroleum gained a point. United States Steel rose half a point and Central Leather was among the strong peace industries.

Less than 200,000 shares changed hands in the first hour, trading coming almost to a standstill after the opening. Early gains were irregularly extended, various specialties joining in the advance. Reassuring advices respecting the Mexican situation imparted further strength to oils, motors also improving. There was a good undertone to shippings, and rails of the minor class hardened with investment transportations. In the forenoon, however, much of the rise was cancelled, selling resulting from the further demoralization shown by foreign exchange.

Toledo Grain Closing.

Toledo, Aug. 20.—Corn: $2.01.
Oats: old, 79c; new, 78c.
Barley: $1.42.
Rye: $1.54 1-2.

Chicago Produce.

Chicago, Aug. 20—Butter: unchanged; creamery, 48@53 1-2c.
Eggs: unchanged; receipts 11,960 cases.

Cincinnati Live Stock.

Cincinnati, Aug 20.—Hogs, receipts 3200 slow and fifty cents lower; selected heavy shippers $20.00@25.50; good to choice packers and butchers $20.50; medium $20.50.

Cattle receipts 1,000; dull shippers $11.50@15.00; butcher steers extra $12.50@13.75; good to choice $11.00@12.50; common to fair $8.00@10.50. Calves strong, extra $20.75@21.00; fair to good $16.00@20.75; common and large 8.00@15.00.

Sheep, receipts 8,500 weak; good to choice $8.75@9.00; fair to good $5.00@8.75; common to fair $3.00@5.00; lambs weak $1 to $1.50 lower.

Good to choice $15.50; fair to good $12.00@16.50; common to fair $7.00@12.00.

Chicago Grain Review.

Chicago, Aug. 20.—The corn market today opened strong with limited offerings which were really taken. Opening prices ranged from half cent lower to 1 1-2 cent higher September $1.84 1-4 to 1.84 1-2 and December 1.41 1-2 to 1.45 1-2. Trading was moderately active.

Oats opened firm and moved in sympathy with corn though fluctuations was less pronounced. Offerings at the start were light but sellers increased at the high points. Openings figures were exchanged to 3-4 higher with September at 73 1-2. The early decline was checked at about yesterdays closing prices.

Provisions were dull with prices slightly advanced, figures ranging from 10 cents to 70 cents higher.

Liberty Bonds.

New York, Aug. 20. Final prices on $94.16, second 4 1-2 $93.12; third 4 1-4 Liberty bonds today were: 3 1-2s $99.80; first 4s $94, second 4s $92.76, first 4 14s $94.16, second 4 1-4s $93.12, third 4 1-4s $94.80, fourth 4 1-4s $93.24; Victory 3 3-4s $99.66, Victory 4 3-4s $99.62.

Chicago Live Stock.

Chicago, Aug. 20. Hogs: receipts 11,000, higher. Top $21, heavy weight $18.85@20.85, medium weight $18.65@21.00, light weight $18.6@21.00, light light $18@20.25, heavy packing sows, smooth, $17.50@18.25, packing sows, rough $16.50@17.50, pigs, $15.50@18.25.

Cattle receipts 9,500 steady. Top steers $17.50, beef steers, medium and heavy weight choice and prime, $16@18.50, medium and good $12.50@15, common, $10@12.50, light weight, good and choice $14@18, common and medium, $9.50@14; butcher cattle, heifers, $7.25@15, cows, $7.25@13.75, canners and cutters, $6@7.25, veal calves, light and heavy weight, $19.50@20.50; feeders, $8@12.50; stocker steers $7.25@11; western range steers, $9.50@1[illegible].50; cows and heifers $7.75@12.

Sheep receipts 22,000; steady. Lambs; 84 pounds down, $15.25@18.25, culls and common, $10.50@14.75, yearling wethers $10.75@12.50; ewes: medium, good and choice $8@10; culls and common, $[illegible]

CHARGE YOUTH ATTACKS AND KILLS LITTLE GIRL

Logan, Aug. 20.—Ray Phelps, aged 22, arrested last night in connection with the murder yesterday of Frances Jewell, aged 8, was transferred today from Greendale to the county jail here because of intense feeling in Greendale. Sheriff Kilmore is keeping the time of Phelps' leaving secret as he says he fears an attempt may be made to lynch the prisoner.

The little girl's body was found in a pool of a creek. A post mortem examination showed the girl had been criminally attacked and killed by a blow on the head. Bloodhounds from Athens led the sheriff's posse to Greendale and to house where Phelps roomed, going to his room. Greendale is eight miles south of Logan.

After Two Days Showing
To Very Large Crowds!!!

"AS A MAN THINKS"

AUGUSTUS THOMAS' SENSATIONAL SEX-PLAY COMES TO A CLOSE TONIGHT AT THE

AUDITORIUM

Young men and women, mothers and fathers, this picture will more than interest you. It will make you think as it has the hundreds—aye, thousands—who have seen it. Men believe their children are their own—the mother alone knows!

A frivolous wife may, without commensurate offence, make her child's father doubt that child's paternity.

LEAH BAIRD

The picture girl beautiful is the star, and she is surrounded by a great cast. No advance in prices.

Alhambra

TWO DAYS—COMMENCING TODAY!

THE BIG SENSATIONAL PICTURE FEATURE

"Choosing a Wife"

MARRIAGE WAS NEVER MORE PREVELANT THAN AT THE PRESENT TIME.

LOVE COUNSELS HASTE, BUT PRUDENCE SAYS GO SLOW WHEN CHOOSING A WIFE.

Young and old rush into this most perilous business with all the confidence in the world. Every couple think themselves the ones who will live happily ever afterward.

IT'S TIME TO CALL A HALT! LET'S THINK IT OVER!

Don't Get Married

UNTIL YOU SEE

'CHOOSING A WIFE'

Single or married persons contemplating marriage are urged to visit the Alhambra today or tomorrow.

AMUSEMENTS

AUDITORIUM.
"As a Man Thinks."

The Auditorium has on display a most wonderful feature in "As a Man Thinks," the Augustus Thomas story taken from the stage. In this Leah Baird, a clever photoplay star has the leading role and she is supported by a large cast of finished players. The story "As a Man Thinks" is the story of how great a wrong can be committed by just a thought crossing a man's mind. Frank Clayton, a millionaire publisher and his beautiful wife, Elinor and their small son, go to Paris where Clayton's magazine has an office. Benjamin De Lota, his recently appointed art critic, takes Clayton to the Latin Quarter and introduces him to many of the artists. In one studio he meets Mimi Chrisandt. Mimi is a model and an exquisitely naughty little flirt. She sells Clayton ticket for the Four Arts Ball which he attends. It is an event of revel and madness, and when Mimi enters the hall mounted on the back of a huge bull Clayton unthinkingly accepts her challenge and enters into a flirtation with her. ...

Elinor accepts an invitation from De Lota to attend the opera. By a subterfuge she is induced to stop at his apartment on the way home. Clayton hears of the visit and attempts to kill De Lota. When he further learns that De Lota had at one time been a suitor for the hand of Elinor his brain conceives the idea that she has been untrue to him. He even doubts the parentage of their child.

Through the intervention of the benevolent and philosophical old Jew, Dr. Seelig, De Lota eventually clears the situation by proving his whereabouts two years previous to the birth of the son. Through their love for the child Clayton and Elinor are finally reconciled ...

Put New Life In Your Motor

A Dose of Johnson's Carbon Remover will increase the power of your car—improve acceleration—stop that knocking sound—quiet your engine—and reduce your gasoline consumption 12% to 25%.

JOHNSON'S CARBON REMOVER

is a harmless liquid to be poured into the cylinders. It softens the carbon and releases it from the metal. It then burns, powders, and is blown out through the exhaust. Five minutes' time and no labor required. You will save from $3.00 to $5.00 over any other method, without laying up your car and with very much better results.

Use It Every 1,000 Miles

If you will use Johnson's Guaranteed Carbon Remover at regular intervals giving carbon no chance to accumulate, you will automatically eliminate most valve trouble and your engine will always be at its highest efficiency.

O. E. TRAINMEN HAVE ENJOYABLE OUTING

It was one big day.

Conductors and motormen on the city and interurban lines, their wives, children, mothers, sisters, sweethearts and friends, took advantage of the opportunity offered by the strike and held a basket picnic at White Athletic field.

Of course the basket dinner was a feature but to provide entertainment between times, the committee in charge arranged a program of foot races and other events, and then there was a ball game between the city car men and the interurban car men, which the interurban men won by a score of 14 to 12.

An event planned so that everyone would be pleased with the result, was a tug of war in which the city men and interurban women, were matched against the interurban men and the city women. The first named team won.

The winners in the other events follow:

Race, boys under 10—Wilbur Smith.
Race, boys 10 to 13—Walter Hibler.
Race for fat men—Ora McDaniel.
Race for lean men—Stanley Bishop.
Men's free-for-all—Ben Sanders.
Three legged race—P. Arbaugh and E. Lemasters.
Wheelbarrow race—E. O. Heller and Ora McDaniel.
Women's free-for-all—Mrs. Park Snyder.
Fat women's race—Mrs. Paul Snyder.
Women's potato race—Mrs. E. L. Blackwell
Lead women's race—Mrs. Virgel Ashcraft.

The ball score:

Interurban	0	4	2	0	1	0	4	3	0	—14
City	1	0	2	0	0	1	0	0	8	—12

Batteries: C. Bishop, H. Bayer and Ashcraft; Armentrout, Lucas and Bennett. Umpires Baker and Lemaster.

Thursday afternoon the city and interurban men selected an all-star team and went to Zanesville by automobile to play a game with the Zanesville city men.

HEISEY STRIKERS GET 30C INCREASE

Factory Boys Accept Half of 60 Cents Demanded When 300 on Day and Night Shift Walk Out.

An adjustment of the differences between 300 striking factory boys at the Heisey plant, which began last Monday, was announced this morning by representatives of the committee which made the adjustment with the company. An increase of 30 cents a day was accepted by the committee on behalf of the men, the committee announced. The boys struck for 60 cents a day, it was stated.

The committee said that those who were satisfied with the settlement would return to work tonight and tomorrow morning. The strikers included men on the day and night shift.

ROTES WILL PICNIC ON DENISON CAMPUS

Members and families of the Newark Rotary club will hold a picnic next Tuesday evening on the campus of Denison university at Granville, it was decided at Tuesday's regular meeting of the club.

This meeting was addressed by First Lieutenant Ernest Sims, Newark Rotarian, just back from France, and Sergeant Crawford of the Fifth Marines, Second division, and E. E. Hopkins, treasurer of Denison university. A. S. Mitchell talked on the War Saving Stamp campaign.

MILLERSPORT.

Mrs. George Stevens of Cleveland is visiting at the home of her parents Mr. and Mrs. A. W. Frye.

Rev. Mr. Kilpatrick, pastor of the Brownsville M. E. church preached at this place last Sunday afternoon at 3 o'clock at which time Rev. Mr. Kilpatrick preached at his brother's charge.

Mt. Perry, Harrisburg, New Salem and Millersport M. E churches will hold a picnic at Summerland Beach, September 4.

Mr. and Mrs. Miller Stephen of Columbus, spent several days here visiting relatives the past week.

Mrs. Gertrude Busby is visiting at the home of her son Dr. Busby of Columbus.

Miss Leona Mansberger has been visiting the past week at the home of Mr. and Mrs. Ralph Mansbarger of near Johnstown.

PLEASANT VALLEY.

George Iden of Frazeysburg spent Sunday with Mr. and Mrs. G. W. Priest

Mrs. Ethel Thompson and son Owen and Mrs. Emma Varner called on Mr. and Mrs. M. S. McKee Sunday evening.

Mrs. O. E. Booth and daughter Floe were Newark callers Tuesday.

Mrs. H. W. Priest was a Frazeysburg caller Monday.

Mr. and Mrs. J. A. Moore and family and Mr and Mrs. A. E. Divan and family spent Sunday with Mr. and Mrs. S. P. Divan.

Mr. and Mrs. Ray Bingham and son Keneth and Mrs. Mollie Booth, Mr. and Mrs. Ira Rine spent Sunday with Mr. and Mrs. A. G. Maxwell of Appleton.

Meats in Storage Not "Hoarded"

Live stock is a seasonal crop—like cereals and grains.

It is" ripe" and is marketed in larger quantities in certain months. This causes a natural oversupply at one time and a natural shortage at another.

During the time of oversupply Swift & Company places some of the meat in cold storage, against the season of short production.

This is a necessity in order that the nation's ration of meat—58,000,000 pounds every day in the year—may be forthcoming as the consumer requires it.

This is not hoarding, not price manipulation, not market control. It is mere common sense.

United States Bureau of Markets' figures of stocks of frozen and cured meats July 1 are being used as a basis for Department of Justice investigations in many cities. When properly analyzed, based on Swift & Company's stocks, these figures show:

62 per cent (approximate) is pork and beef cuts, etc., cured and in process of curing. It takes 30 to 90 days in pickle or salt to complete the curing process.

12 per cent is frozen pork, of which more than three-quarters is to be cured in the next few months.

7 per cent is lard. This is a normal supply and only four-fifths of a pound per capita, and much of it will have to go to supply European needs.

19 per cent is frozen beef and lamb, and miscellaneous meats, part of which is owned by the Government and was intended chiefly for overseas shipment. If this were all diverted to domestic trade channels it would be only 2½ lbs. per capita—a 5 days' supply.

100%

From this it will be seen that "meats in storage" represent unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

Swift & Company, U. S. A.

In another column of this issue will be found a coupon that will admit two persons free to Olentangy Park, Columbus any time that it is presented before the park season closes about Oct. 1st.

Olentangy Park, Columbus, is one of the show places of the Capital City, occupying as it does more than 100 acres of ground filled with amusement devices representing an outlay of more than $1,000,000.

Under the management of Joseph D. Cleary, one of the best known amusement managers in the country, Olentangy Park has been making great strides during the past yedr. Every afternoon and evening two or three big free circus acts are presented, and those booked for the next two weeks include some of the most famous circus acts that money can secure. Automobiles are always admitted free at Olentangy Park, and they are also checked, protected and parked free of any charge. State Fair week will be a big one at the Park, and visitors from this county are urged to clip the coupon printed in this issue and visit the park when they go to Columbus. For the first two weeks in September there will be a big Mardi Gras entertainment at Olentangy Park, and on Sunday, Sept. 21 there will be a free ox roast and barbecue. The coupons printed in this issue will admit two persons at any of these events.

Official Board Meets.
An important meeting of the official board of the East Main street Methodist church is called for Wednesday evening immediately after the prayer meeting.

Dairymen's Picnic Tomorrow.
The annual dairymen's picnic will be held at the farm of W. C. Miller on Loudon street about three miles northwest of Granville Thursday. Peter Small, a well known Holstein breeder of Chesterland, will give a talk and a Jersey breeder will also give a lecture.

Licking County Leading.
Fred L. Brook, 2100 Elston avenue, Chicago, writes: "It is gratifying indeed to know that old Licking county is leading the state in War Savings Stamps sales. . . . Is Champion James Cooper the same old Jimmy Cooper who was carrying mail when I was in the Newark postoffice five years ago?

Address Is Sought.
The home service section of the Red Cross has a message for Vesed Ispas, of this city. Anyone knowing his address kindly notify the Red Cross, 607 Trust building, Auto. phone 1870.

Married by Squire.
Miss Marian Idella Bright of this city and Lloyd Trout of Alexandria were married Monday by Justice of the Peace D. M. Jones.

Rev. Schmitt Out on Crutches.
Rev. George Bohon Schmitt, who has been confined to his home for several weeks following an injury while practicing baseball for the Kiwanis club, is able to be out on crutches.

Gets Life School Certificate.
Miss Gertrude Avey was among the applicants for life certificates at the meeting of the state school examiners held July 5. Tuesday Miss Avey received word that she had been successful and would be granted a certificate.

Wants Name on Ballot.
Reese R. Jones is circulating a petition to have his name placed on the non-partisan ballot at the November election as a candidate for the office of township treasurer.

Goes to Pennsylvania.
Herbert Smith who has been connected with the People's Clothing company in South Third street, has been placed in charge of a store in Pennsylvania for the compnay.

REVENUE INSPECTORS COLLECT WAR TAX HERE

John R. Montgomery of New Lexington, and W. R. Weideman of Marysville, deputy revenue inspectors are in the city to check up all business houses forced to pay a revenue on their merchandise. They are also here to explain the operation of the revenue law to those effectel and who may not understand its provisions. The inspectors may be found in the basement of the postoffice building on Friday afternoon from 1 to 4 o'clock. Later a permanent inspector may be sent to Newark to take charge of the revenue collected in this county.

STILL SOME MEAT FOR SALE AT BARGAIN PRICE

There was quite a little rush at the municipal meat market at the Peoples markethouse this morning. The stand will be operated all of Saturday at the market. Those desiring meat can purchase it at any of the fire stations in the city, the firemen having a supply on hand, which they sell at the same prices as the stall in the markethouse. Mayor O'Hara of Johnstown, who was sent a consignment of the meat, reports a fine business and will probably ask for a third truckload.

PERSHING THINKS HEROES SHOULD REST IN FRANCE

Washington, Aug. 20.—General Pershing in a cablegram to the war department has expressed the opinion that the bodies of American soldiers who died abroad should be left near where they fell.

"I believe that, could these soldiers speak for themselves, they would wish to be left undisturbed where, with their comrades, they fought the last fight," General Pershing said.

"Those who rest in England gave their lives in the same cause and their remains represent the same salvation as those who lie on the battlefields

"The graves of our soldiers constitute, if they are allowed to remain, a perpetual reminder to our allies of the liberty and ideals upon which the greatness of America rests. Think the sentiments above outlined are held by many who have given this subject thought. These sentiments should appeal to the relatives and friends. Recommend that none of our dead be removed from Europe unless their nearest relatives should demand after a full understanding of all the sentimental reasons against such removal and further recommend that immediate steps to be taken for permanently improving and beautifying our cemeteries.

Columbus—100 tanks have been sent from Columbus reserve depot to Mexican border, army officers announce.

SAYS U. S. ACTION NOT FRIENDLY TO CHINA

Washington, Aug. 20—China regards American acceptance of the Shantung provision of the peace treaty as a "deviation from the American policy of friendly cooperation," toward the Chinese government, the senate foreign relations committee was told today by John C. Ferguson, an American and an official advisor to the Chinese president.

While not speaking officially for the Chinese government Dr Ferguson said he based his statement on an intimate knowledge of Chinese official opinion.

"China's case in the peace conference," he said, "was based on the unanimous advice of some of the ablest international lawyers of France, Russia, Belgium and Holland who agreed that the Chinese declaration of war nullified the 1915 treaty by which China agreed not to take exception with any settlement Japan might take with Germany regarding the German possession in Shantung."

BOYS MUST PAY FOR STOLEN CHICKENS

The four youngsters in juvenile court yesterday afternoon who raided a chicken-coop and took five springers, which they sold, were assessed $8.18 each, which includes the court costs and the price of the chickens. Their parents, of course, had to foot the bill, but the boys were warned to keep out of trouble in the future or they might be sent away where they can be taken care of. They ranged in years from 12 to 14.

Three other youngsters of similar age admitted to entering the candystand of Hansberger & Fry in East Main street, taking chocolate candy and chewing gum. They were each assessed $2.11, which covered the costs and the purloined goods. The boys have promised to be good and keep out of trouble.

NEWARK FOREIGNERS RETURNING TO EUROPE

Newark is losing a large number of its foreign population.

Since the signing of peace, there has been a tendency over the entire country for the foreigners to return to their native land. Many are going back to seek relatives they have not heard from since the beginning of the war, and all seemed to have saved money while here.

The exodus from Newark is noted in the withdrawal of money from the various banks by great numbers of the foreigners.

SEVEN INDICTED IN FOOD PROBE.
Cincinnati, Aug. 20.—Seven indictments were returned by the Hamilton county grand jury today, six being against the New Fisheries company charging the concern with offering to sell food contrary to law, and the other against the Merchants Ice and Cold Storage company charging it with failing to keep proper records.

WESLEYAN PROFESSOR DIES.
Delaware, Aug 20.—The Rev. Dr. Richard Taylor Stevenson, aged 66, for 25 years professor of history in Ohio Wesleyan University, died last night at his home here from apoplexy, caused by a fall sustained several days ago. His widow, a son and 3 daughters survive. Funeral services probably will be held Friday.

FATHER AND SON KILLED.
Lima, Aug. 20—Frank Schmedabusch, 64 and son Edwin, 12, were both killed by electric current from high tension wire at Ottawa. The father met death while attempting to rescue the son.

Paris, Aug. 20—(Havas)—Rumanian military authorities are preparing for an offensive east of the Dneister river for the purpose of joining forces with General Denikine army in southern Russia, according to the Echo de Paris

SHERIFF'S SALE OF REAL ESTATE
Charles H. Kinney, Plaintiff,
vs.
John J. Kinney, et al., Defendants.
Court of Common Pleas, Licking County, Ohio. Case No. 19642.

In pursuance of an order of sale in partition from said court to me directed in the above entitled action, I will expose to sale, at public auction, at the door of the courthouse in Newark, Licking county, Ohio, on Saturday the 30th day of August, 1919, at 10:30 o'clock a. m., the following described real estate, situate in the county of Licking and state of Ohio, and in the city of Newark, to-wit:

Beginning at a stake on the east line of Wilwood avenue (formerly German street) at a point one hundred (100) feet south of the southwest corner of a parcel of land now owned by Richard Geidenberger, thence east parallel with the south line of said Geidenberger land one hundred and ninety-six (196) feet to the southeast corner of a parcel of land conveyed to John F. Pfeffer by Mathew Fern and wife by deed bearing date of January 14, 1886, thence south on a line parallel with Wilwood avenue (formerly German street) fifty (50) feet, thence west parallel with the south line of said Geidenberger's land one hundred and ninety six (196) feet to German street, now Wilwood avenue, thence north along the east line of Wilwood avenue fifty (50) feet to the place of beginning. Said parcel being a part of outlot No. 84, according to a map made by Bevan & Beel in A. D. 1853

This property is located at 134 Wilwood avenue (formerly German street).

Said premises appraised at $2400.00.

Terms of Sale—Cash

E. A. BRYAN, Sheriff.
Licking County, Ohio.
Frank A. Bolton, Attorney 7-30wed5t

LEGAL NOTICE.
Notice is hereby given that sealed bids will be received at the office of the Director of Public Service until 12 o'clock noon on the 18th day of September, 1919, for the purchase of the following described real estate:

Being part of the real estate which was conveyed to the city of Newark, Ohio, by Frank A. Bolton, by deed recorded in Volume 181 on page 332 of the deed records of Licking county, Ohio, said part being bounded and described as follows: Commencing in the center of the road at the southwest corner of the parcel of land conveyed by William Horn and wife to Catherine Jones by deed recorded in Volume 79 on page 214 of the deed records of Licking county thence west along the center of said road 225 feet to a point, thence north 25 degrees 45 minutes west continuing along the center line of said road 376 feet to a point, thence south 88 degrees 20 minutes east 445 feet to a point, thence south 8 degrees west 368 feet to the point of beginning, containing 2.34 acres

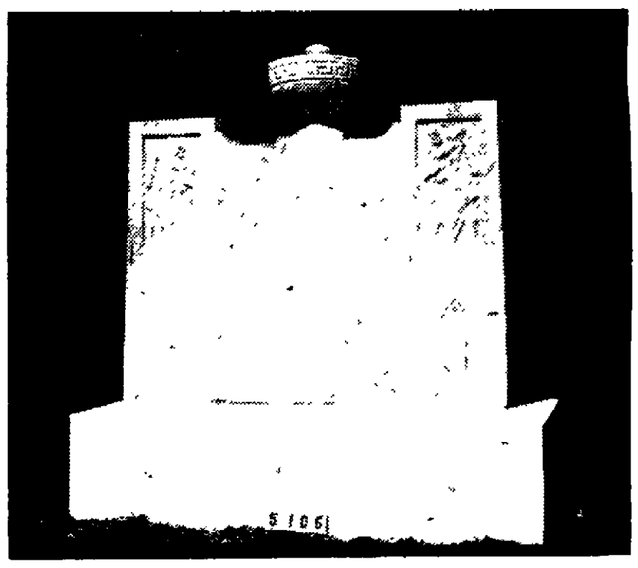

Said property is to be sold and conveyed to the highest bidder upon the following terms. Cash upon delivery of deed.

The right is reserved to reject any and all bids.

J. EDWARD WILSON
Director of Public Service.

ON PULLING TOGETHER.

Collier's Weekly in its issue this week, says:

"In the long run our public and our utilities will have to pull together if either is to prosper, and they will not prosper separately."

The first part of that statement is well illustrated right here in Newark. This community and this company have pulled together and both have prospered. The company has prospered by being able to pay decent wages and salaries, by maintaining its property, by paying its taxes and other operating expenses, and by paying 6 and 7 per cent on its securities which represent less, rather than more, than the investment in its plant and business. While its surplus is a negligible earning, it has always been able to enlist capital for its growth and extension.

The community has grown and prospered at the same time.

Probably the second part of Collier's statement is true, too, but we have had no experience in that direction.

This "pulling together" of the company and community is what the city officials have been endeavoring to break up. Their efforts would necessarily reduce the prosperity of the company and its employees. Collier's Weekly remarks in the same editorial from which we have quoted:

"No community is ever going to get service from poverty-stricken utilities."

We do not care to be a party to the proof of that assertion. Have Mayor Atherton, Solicitor Ashcraft and the city council such an ambition?

We ask to know, as the Japanese philosopher, remarked.

THE NEWARK TELEPHONE COMPANY.

DECLARES HE IS HIGHLY PLEASED WITH NEW REMEDY

Well Known Thornville Citizen, Suffered From Sluggish Liver, Weak Kidneys, Nervousness, Loss of Appetite and Constipation.

New Herbal Remedy, Dreco, Gave Prompt Relief and Made Him Full of Energy.

"Seemed like I lost my taste for everything tasted just alike. My stomach was out of order, so that I became very weak, and three years ago I was laid up in bed from these troubles, only getting temporary relief from one dose to another," said Mr. Josiah Swick of Thornville, O., near Newark.

"My liver was sluggish and I often had dizzy spells, spots floated before my eyes; my tongue was coated, and I had a foul taste in my mouth; my kidneys were weak; and I often had, dull, aching pains in my back. After each meal I'd feel very uncomfortable caused by gastritis, which gave my stomach a full, bloated feeling, often with a burning sensation.

"I dreaded for night to come because I was so nervous I could not sleep, but would roll and toss from one side of the bed to the other, and when morning came I would be more worn out and nervous than when I retired the night before.

"Since taking Dreco all these ails have disappeared. My bowels act regularly; no more dizzy spells attack me; the bad taste and foul breath are all gone. I stoop and bend over without a pain in my limbs, and all the aches in my back in the region of my kidneys are gone. I sleep sound all night long, and have to be roused every morning. I can't say enough in praise of this great remedy Dreco."

Dreco is made from the juices and extracts of many herbal plants, which act on the vital organs promptly and in a pleasing manner, Dreco does not contain iron, mercury, potash.

Mr. Powers, the well known Dreco expert, has headquarters at Evans Cut Rate drug store, to meet the local public and explain the merits of this great remedy. See him today.—Advt.

AMUSEMENTS

(Continued From Page 7)

vised a stunning costume which she uses in the play and which she thinks will make all the other "vamps" in the business sit up and gasp.

In this picture, to be shown at the Alhambra theatre on Sunday next, she first appears as an unsophisticated little girl living at her father's inn high up in the Swiss Alps. In strong contrast to the simplicity of this life she is later seen as the leading attraction on the stage of New York's most famous midnight review. It is here that she wears the new creation.

Charles Swickard, who directed the production, suggested to Miss Allison that she get something "daring"—she did.

Vod-A-Vil.

At the Alhambra together with the picture "Choosing A Wife" Spanuth's Original Vod-A-Vil, with the following well know headliners in acts that thrill as well as instruct—Ralphs and May, an Entertaining Duo; Kirkille Trio, Sensational Trampoline Artists; The Midnite Review, pretty girls who dance; Riffels Famous Pets and others. The last showings this evening.

DRIVE URIC ACID FROM YOUR SYSTEM

AMBITION SALTS

Most people need an occasional remedy to make the eyes bright, the skin clear, the stomach strong, the blood pure and the liver and kidneys healthy.

If you're out of sorts, lack the vim, vigor and "pep" you'd like to have, try AMBITION SALTS—the new, pleasant, effervescing kind. They start you right in the morning. Cleanse your system of the dangerous uric acid poison which is responsible for so much indigestion, biliousness, headache, acid stomach, rheumatism and kidney and liver trouble. Forget the ailments and miseries that make life a burden and be your old real self again. A large bottle of AMBITION SALTS costs only fifty cents at T. J. Evans' and money will be refunded on the first bottle purchased if you are not satisfied. Try this. It's surely worth while to feel ambitious to have the energy which makes you go to work eagerly, to accomplish to your satisfaction what you have to do, to feel again the glow of perfect health, strength and vigor.

25 Years Ago

(From Advocate August 20, 1894.)

Fred S. Williams, who lives two miles south of Hebron has placed a geared wind mill on his farm.

J. V. Burner and J. H. Sniffen will open a china store in the Newkirk building.

Forty-two teachers were present at the opening session of the Teachers Institute.

The Music Hall will open on August 30.

15 YEARS AGO.

(From Advocate August 20, 1904.)

Dr. A. T. Speer has been appointed pension examiner.

Dr. James Larimore, one of Newark's most prominent physicians, died at his home in West Main street yesterday.

Eugene Monahan, an employe of the B. & O., was caught in the shafting and badly injured.

CLEVELAND BANK TO BUILD COSTLY HOME

Cleveland, Aug. 20—A banking building predicted to be the largest and finest in this country west of New York is to be constructed here next at a cost understood to be between $7,000,000 and $8,000,000. The first three floors, of approximately 80,000 square feet area, will be occupied by the Citizens Savings Trust company in conjunction with the Union Commerce National Bank. A local club probably will have the top floor and the other floors will be devoted to offices.

The property which has been purchased by the banks, according to J. R. Nutt president of the Citizens Savings and Trust company, has a frontage of 146 feet on Euclid avenue, 258 feet on East Ninth street and 387 feet on Chestnut street. President Nutt said construction of the building will begin March 1.

PULL TOGETHER FOR BLESSINGS OF A HIGH ORDER

Nerv-Worth and Nerv-Worth Laxative Tablets Do Wonderful Team Work.

These two famous family medicines unite their forces with happy results for those whose nervous ills are connected with bowel and liver troubles. Nerv-Worth the liquid, generally masters derangements of the liver and bowels, but in some cases these are too deep rooted to surrender quickly and then the Tablets, taken in connection with the liquid do wonderful work. They are especially valuable in cleansing the bowels for those whose habits of constipation do not readily yield to the laxative properties of Nerv-Worth, the liquid. A bottle of Nerv-Worth and a 25c box of the Tablets form a combination without equal in overcoming ills of the nerves, stomach, bowels and liver.

Your dollar back if this famous family tonic does not benefit you.

T. J. Evans sells Nerv-Worth in Newark. Neighborhood Nerv-Worth drug stores: The Utica, Utica; Howard's, Johnstown; Ullman's, Granville.—Advt. 8-20-27.

FALSE RUMOR

We understand that a report has been circulated that our Optical Department is owned by strangers and in no way connected with the store. This is entirely untrue as the majority of people know.

Mr. W. I. Haynes, who is at the head of the Optical Department, is one of the Haynes Bros., and has been examining eyes for over twenty-one years. His success in this profession is plainly evident by the great practice he has built up, which was made possible only by the use of the most modern instruments and methods. In fact his practice has grown to such an extent that it now takes two Optometrists completely equipped examining booths to handle it properly.

In order to serve our patients better the examining rooms have been retained in the store location where we are able to supervise our Opticians in the grinding of lenses for the prescriptions written by our Optometrists. The shop being equipped for both surfacing lenses from the rough glass and grinding or edging the finished lenses to fit frames or mountings.

We invite you to take advantage of our free adjustment service. If you are in need of a fan or lens cleaning cloth just call at Haynes Bros., where they will be gladly given you without charge. 8-20-22.
